No legal proceedings

2.3 The Naskapis of Québec undertake not to institute any legal proceedings relating to the matters contemplated in the legal proceedings instituted under the numbers 05-04840-72 and 05-04841-72 of the records of the Superior Court of the District of Montréal.

Legislation

2.4 Canada and Québec shall, forthwith upon the approval of the present Agreement in accordance with subsection 2.13, recommend to Parliament and to l'Assemblée nationale respectively, suitable legislation, or where authorized by legislation adopt suitable orders-in-council or regulations, to approve, to give effect to and to declare valid the present Agreement and to protect, safeguard and maintain the rights and obligations contained in the present Agreement. Canada and Québec undertake that the legislation which will be so recommended, or the orders-in-council or regulations so adopted, will not impair the substance of the rights, undertakings and obligations provided for in the present Agreement.

The legislation of Québec approving, giving effect to and declaring valid the present Agreement shall provide for the means of setting aside Category IN lands in accordance with the provisions of the present Agreement.

Coming into force of the present Agreement

2.5 The present Agreement shall come into force on the date when:

a) the Order-in-Council of Canada and the legislation of Québec approving, giving effect to and declaring valid the present Agreement,

and

b) the Complementary Agreement No. 1 to the James Bay and Northern Québec Agreement signed on the same date as the present Agreement,

are in force.

Nevertheless, from the date that the present Agreement comes into force, the rights and obligations resulting from sections 3 to 20 inclusive of the present Agreement are suspended until the termination of the "Transitional Period" hereinafter provided for in paragraph 2.5.2.

2.5.1 Notwithstanding the foregoing provisions of the present subsection, during the "Transitional Period" the Transitional Measures provided for in section 9 and, when the context permits, in this section shall apply.

2.5.2 Subject to subsection 2.6, the "Transitional Period" is the period from the date of the approval of the present Agreement, in conformity with subsection 2.13, until the date, after the coming into force of the present Agreement, either when the Category IAN lands are set aside for the exclusive use and benefit of the Naskapi band pursuant to the provisions of the present Agreement or, in the case of relocation in accordance with the provisions of section 20, when the Naskapis of Québec have relocated, whichever is the later.

2.5.3 During the Transitional Period, Canada and Québec shall, to the extent of their respective obligations, take the measures necessary to put into force, with effect from the date of approval of the present Agreement or as herein otherwise provided, the Transitional Measures specified in the present Agreement.

2.5.4 At the termination of the Transitional Period, the Transitional Measures shall be replaced by all the other provisions of the present Agreement. All acts done by the parties in virtue of the said Transitional Measures shall then be deemed to have been ratified by all the parties hereto.

Lapse of Transitional Period and of Transitional Measures

2.6 In the event that the present Agreement does not come into force, as provided in subsection 2.5, within two (2) years from the date of the approval of the present Agreement, the Transitional Period and the Transitional Measures shall lapse. In such event all compensation, paid pursuant to subsection 16.1 by Québec or Canada, to or for the benefit of the Naskapis of Québec, but not the interest earned thereon to the date of such lapse, shall be repaid to, revert to or remain with, as the case may be, the said governments.

Present Agreement not coming into force

2.7 In the event that the legislative measures referred to in subsection 2.4 do not come into force within two (2) years from the date of the approval of the present Agreement, the parties are released from any and all obligations resulting from the present Agreement, the parties are released from any and all obligations resulting from the present Agreement. In such event, notwithstanding the Transitional Measures referred to in the present Agreement, nothing in the present Agreement shall be construed as imposing any obligations upon the parties to continue any or all of the Transitional Measures or any other obligation or undertaking referred to elsewhere in the present Agreement.

Nevertheless, Québec and Canada, to the extent of their respective undertakings, agree to assume and implement the said Transitional Measures, and the Naskapis of Québec have accepted same on the basis that said legislative measures shall be adopted to put the present Agreement into force and effect.

Québec jurisdiction in lands

2.8 The parties hereto recognize and declare that all lands other than Category IAN lands and other than the lands defined in subsection 1.2 of the James Bay and Northern Québec Agreement are and shall remain under the exclusive legislative jurisdiction of Québec.

In the event that a final judgment of a competent court of last resort declares that the whole or any part of Category IIN lands and of Category III lands fall under the legislative jurisdiction of Canada, because of rights granted to the Naskapis of Québec with respect to all or any such lands or because such lands are held to be

lands reserved for Indians, then any rights given to the Naskapis of Québec with respect to such lands shall cease to exist for all legal purposes.

Québec and Canada undertake as of the date of the said judgment, both one to the other, as well as individually and collectively, in favour of the Naskapis of Québec to do all things necessary and to introduce such legislative or other measures needed to enable Québec and/or Canada, in their respective jurisdiction, to grant anew the same rights that ceased to exist but with Québec's jurisdiction in the said lands.

Nonetheless, in order to avoid hardship to the Naskapis of Québec and notwithstanding the above, the effect of the preceding provisions with respect to the termination of the rights of the Naskapis of Québec shall be suspended for a period of two (2) years following the date of the judgment.

During such period of suspension, Québec and Canada undertake that they will not do anything or permit anything to be done which would prevent the granting or restoration to the Naskapis of Québec of any rights so nullified.

At the expiration of the period of suspension of two (2) years mentioned above, should no measures have been taken which would make possible, under the jurisdiction of Québec, the restoration of rights to the Naskapis of Québec, Canada and Québec shall continue to endeavour to take the measures necessary which will make possible the restoration under the jurisdiction of Québec of the said rights over Category IIN lands and Category III lands.

Should any Category IBN lands be held by a final judgment of a competent court of last resort to fall under the legislative jurisdiction of Canada, none of the rights of the Naskapis of Québec in regard to such lands shall be affected. However, Canada and Québec undertake to diligently do all things necessary and to introduce such legislative or other measures required so that such lands and rights of the Naskapis of Québec related to such lands fall under the legislative jurisdiction of Québec.

The termination of any rights in virtue of this subsection and the circumstances described herein shall not be deemed to be nor be construed as nullifying in any manner whatsoever any other rights or provisions of the present Agreement.

Citizens' rights

2.9 Nothing contained in the present Agreement shall prejudice the rights of the Naskapis of Québec as Canadian citizens of Québec, and they shall continue to be entitled to all of the rights and benefits of all other citizens as well as those resulting from the Indian Act (as applicable) and from any other legislation applicable to them from time to time.

Programs of Canada and Québec

2.10 The programs and funding of Canada and Québec, and the obligations of the governments of Canada and Québec, shall continue to apply to the Naskapis of Québec on the same basis as to the other Indians of Canada in the case of Canada's programs, and of Québec in the case of Québec's programs, subject to the criteria established from time to time for the application of such programs. It is acknowledged by the parties hereto that the programs and funding for the Crees or Inuit, or both, established by or pursuant to the James Bay and Northern Québec Agreement do not apply to the Naskapis of Québec, it being acknowledged that the programs and funding established by or pursuant to the present Agreement apply only to the Naskapis.

Canada, Québec and private interests

2.11 The rights of the Crown in right of Canada in respect to federal properties and installations in the Territory and the rights of the Crown in right of Québec in respect to Québec's properties and installation in the Territory, which are now or hereafter owned by the Crown or used for the purposes of the government of

Canada or Québec, as the case may be, shall not be affected by the present Agreement, except as otherwise specifically provided for herein.

Subject to the provisions of the present Agreement the rights of persons not parties hereto shall not be affected.

Amendment

2.12. The present Agreement may be amended or modified from time to time, in the manner provided herein, or in the absence of such provision, with the consent of all the parties. Whenever for the purpose of, or pursuant to, the present Agreement, unless otherwise expressly specified, consent is required in order to amend or modify any of the terms and conditions of the present Agreement, such consent may be given on behalf of the Native people by the interested Native parties.

Approval

2.13 The present Agreement shall be subject to the approval of the Naskapi Native party on behalf of the Naskapis of Québec in a manner satisfactory to Canada within a delay not exceeding sixty (60) days from the date of the execution of the present Agreement. Within thirty (30) days of the reception of the resolution of the Naskapi Native party approving the present Agreement, the Minister of Indian Affairs and Northern Development shall forward to each of the parties Canada's acceptance of this approval and copies of the approval documents. The Transitional Measures provided for in the present Agreement shall take effect from the time of such approval, or, when specifically provided, retroactive to the date of the execution of the present Agreement.

Jurisdiction

2.14 Canada and Québec shall recommend or adopt, as the case may be, the legislative measures necessary to put the present Agreement into effect, subject to the terms of the present Agreement and to the legislative jurisdiction of Parliament and l'Assemblée nationale.

Acceptance of Stipulations for the Benefit of the Naskapis

2.15 The parties to the James Bay and Northern Québec Agreement have amended the James Bay and Northern Québec Agreement as set forth in schedules 1, 2, 3 and 4 of the present section which are annexed for identification purposes only, and the Naskapis of Québec hereby accept the stipulations for their benefit contained in the amendments to Sections 23 and 24 of the James Bay and Northern Québec Agreement.

The parties hereto agree that the entire agreement with the Naskapis of Québec and all the rights and obligations of the Naskapis of Québec resulting therefrom are contained in the present Agreement and in the provisions of the said amendments to the James Bay and Northern Québec Agreement. Québec and Canada shall take the necessary measures in order to table in l'Assemblée nationale and lay before Parliament respectively the proclamation and Order-in-Council required to approve, give effect to and declare valid the aforementioned amendments to the James Bay and Northern Québec Agreement

Not deemed to amend

2.16 The parties hereto agree that the present Agreement shall not, and shall not be deemed to, amend either expressly or by implication the James Bay and Northern Québec Agreement amended as set forth in the provisions of the schedules mentioned in subsection 2.15. The parties further agree that the present Agreement shall not affect the rights, privileges, benefits and obligations of the Crees and the Inuit under the James Bay and Northern Québec Agreement as so amended.

Notice

2.17 From the date of the approval of the present Agreement, whenever notice is required to be given in accordance with any provision hereof to the Crees, the Inuit or the Naskapis of Québec, such notice shall be given to the interested Native party unless otherwise provided.

Consent

2.18 From the date of the approval of the present Agreement, whenever any provision hereof requires that consent or approval be given for any matter and the body designated to give such consent or approval on behalf of the Naskapis of Québec has not been established or created, the Naskapi Native party shall, until the establishment or creation of the designated body, be entitled to give such consent or approval in the place and stead of such designated body.

However, the expenses of the members appointed by the Regional Government or their duly authorized representatives on such panel shall be borne by the Secretariat of the Advisory Committee referred to in this Section.

23.7.5 Canada and Québec may by mutual agreement combine the two (2) impact review procedures by the EQC and the Federal Review Panel referred to in this Section provided that such combination shall be without prejudice to the rights and guarantees in favour of the Inuit and other inhabitants of the Region established by and in accordance with the provisions of this Section and to the rights and guarantees in favour of the Naskapis as provided for in sub-paragraph 23.2.2 g) and in paragraphs 23.3.3, 23.3.14, 23.3.20, 23.3.21, 23.3.22, 23.4.2, 23.4.12, 23.7.5 and 23.7.10.

5.0.1 For the purposes of this section only, unless the context indicates otherwise, whenever an option is exercised, or compensation in land or in money is to be received, or replacement land is to be selected, "Naskapis of Québec" means the Naskapi local authority for Category IA-N lands in the case of Category IA-N lands or the private landholding corporation contemplated by paragraph 5.1.3 in the case of Category IB-N lands, as the case may be.

5.1 Category I-N lands

5.1.1 Definition

Category I-N lands comprise Category IA-N lands and Category IB-N lands in accordance with the terms and conditions of the present Agreement and shall be set aside for the Naskapis of Québec. The total area of Category IN lands is one hundred and twenty six (126) square miles.

5.1.2 Category IA-N lands

The selection of Category IA-N lands by the Naskapis of Québec is subject to the provisions of section 20.

Category IA-N lands are lands set aside for the exclusive use and benefit of the Naskapi band, under the administration, management and control of Canada, subject to the terms and conditions of the present Agreement.

The area of Category IA-N lands will be thirty-nine point thirty-three (39.33) acres, or one hundred and fifty acres, or sixteen (16) square miles depending upon the block chosen in accordance with the provisions of section 20, and Québec shall retain bare ownership of the lands, and, subject to the provisions herein, the ownership of the mineral and subsurface rights over such lands. Subject to the terms and conditions of the present Agreement, Québec shall transfer to Canada the administration, management and control of the Category IA-N lands and Canada shall accept such transfer.

5.1.3 Category IB-N lands

Category IB-N lands comprise the lands to be granted for the Naskapis of Québec to a private landholding corporation established in virtue of the laws of Québec or by a special law thereof, and the members of which must be Naskapis of Québec. The area of Category IB-N lands shall be the area of one hundred and twenty six (126) square miles, being Block Tait shown on the map attached as schedule 4 of section 4 and preliminarily described in section 4, which will be reduced, within two (2) months of the determination of Category IA-N lands, by subtracting from its northern portion an area equal to the area of Category IA-N lands.

The ownership of the Category IB-N lands, under the jurisdiction of Québec, will vest outright in said corporation, provided that the lands can be sold or ceded only to Québec and this shall constitute a prohibition to sell or cede other than to Québec.

Such corporation shall consist of the Naskapis of Québec entitled to the benefits of the present Agreement, and shall be a private landholding corporation having the title and ownership of the Category IB-N lands, in accordance with the provisions of the present Agreement.

Unless otherwise specifically provided herein these lands cannot be taken away by Québec. In those circumstances described in this section where the right to expropriate by Québec is exercised, the land must be replaced or compensation paid at the option of the Naskapis of Québec except if otherwise provided herein.

5.1.4 Existing third party and governmental interests

Lands ceded to third parties, by letters patent or owned by third parties prior to the execution of the present Agreement shall be Category III lands. However, the said lands and persons thereon shall be subject to the by-laws of the Naskapi local authority as if such lands formed part of Category I-N lands. Such persons shall have a right to all services of a municipal nature which are offered by the Naskapi local authority to the residents of the surrounding or adjacent Category I-N lands on the same terms and conditions, the whole subject to the rights of such persons and the exercise of the same.

The lands over which rights have been ceded by Québec to third parties prior to the execution of the present Agreement in the form of leases, occupation permits or other authorizations shall be Category I-N lands. The holders of such rights may continue to exercise them, subject solely to all laws and regulations of Québec as if the lands over which the said rights are granted were Category III lands until the termination of the period fixed for the exercise of such rights, unless such rights are renewed by Québec.

Lands within the areas of Category I-N, but which are presently the object of mining claims, development licenses, exploration permits, mining concessions and mining leases and other similar rights, as presently defined in the Québec Mining Act (S.Q. 1965, c. 34 as amended) shall be Category III lands. However, Québec undertakes upon the expiry of these rights, or any renewal thereof, to transfer the administration, management and control of the lands subject thereto to Canada for the use and benefit of the Naskapis of Québec or to transfer the ownership to the landholding corporation, depending on whether the said lands are within the area of Category IA-N lands or Category IB-N lands. If any part of such lands is taken for development under the Québec Mining Act, Québec will replace the land taken, in accordance with the procedure set out for the replacement of Category II-N lands.

Québec undertakes to provide Canada and the Naskapi Native party, within ninety (90) days of the approval of the present Agreement, with a list of the mining claims development licenses, mining concessions, mining leases and exploration permits, referred to above, within Block Tait and within the lands which may become Category IA-N lands in accordance with the provisions of section 20, along with the names of the holders thereof, the date the rights were granted, the nature of the rights and the date of their expiry.

The areas of land covered by such existing mining claims, development licenses, exploration permits, mining concessions and mining leases surrounded by Category I-N lands have been included in the calculation establishing the total area of one hundred and twenty six (126) square miles of Category IN lands.

Existing roads within Category IA-N lands shall be Category IA-N lands but the general public shall be granted access over such roads.

The areas covered by existing landing strips, airport installations and hydroplane bases within Category I-N lands are excluded from Category I-N lands and shall be Category III lands. However, the areas of such lands have been included in calculating the total area of Category I-N lands.

When such areas mentioned above are no longer required, as determined by Québec, the ownership or the administration, management and control, as the case may be, shall be transferred by Québec in the manner provided hereinabove, subject to the approval of any owner thereof, and subject to third party interests respecting mineral substances already conceded.

5.1.5 Future occupation by Québec and third parties

5.1.5.1) Québec and its representatives

Lots within Category I-N lands shall be allocated by the Naskapi local authority for community services supplied by Québec, its agents or mandataries, such as roads, schools, hospitals, police stations and

telecommunications. Such allocation shall be by way of leases, servitudes or similar contract and for nominal compensation, namely, one dollar (\$1.00).

In the event that Québec builds a road across Category IB-N lands, there shall be a corridor of five hundred (500) feet of Category II-N lands along each side of such road, subject to the general provisions of paragraph 5.1.6.

5.1.5.2) Third parties

The Naskapi local authority, in any case in which it allows third parties to occupy Category I-N lands for projects of regional or provincial interest, shall first consult with Québec and, in the case of Category IA-N lands, Canada as well.

5.1.5.3) Mining Explorations and Operations under Existing Rights

Where lands which are the object of existing mining claims, development licenses, exploration permits, mining concessions, mining leases and other similar titles pertaining to minerals as defined in the Québec Mining Act are surrounded by or adjacent to Category I-N lands, the owners of these rights or titles for the purpose of exercising the said rights shall have the right to use Category I-N lands, but only to the extent necessary in order to carry out their exploration or mining operations as provided for in Division XXII of the Québec Mining Act. Nonetheless, the appropriation of the lands required for such purposes shall be done by temporary servitude only, but shall not be subject to the expropriation provisions of the Indian Act or of the present Agreement. The indemnity to be paid by Québec to the Naskapi local authority in the case of Category IA-N lands, and to the corporation contemplated by paragraph 5.1.3 in the case of Category IB-N lands, for the use (other than for exploration) of such Category I-N lands will be equivalent replacement lands. In the case of exploration, the compensation to be paid by Québec for the use of such Category I-N lands shall be the equivalent to what is being paid to Québec for the use of surface rights on Crown lands in similar cases.

In the event that areas of land contemplated in the present subparagraph are developed as provided hereinabove, the Naskapi local authority in the case of Category IA-N lands and the corporation contemplated by paragraph 5.1.3 in the case of Category IB-N lands shall have the right to the replacement of an equivalent area of land in the same manner as set forth in the procedure for the replacement of Category II-N lands in the case of development.

In regard to lands which will be the object of mining claims, development licenses, exploration permits, mining concessions, mining leases and similar titles in the future, except the lands presently covered by any such titles which shall be governed by the special provisions hereinabove set forth, the exercise of any rights in or over Category I-N lands shall be subject to the general regime set forth below.

5.1.6 Public servitudes

5.1.6.1) General

Category I-N lands are subject to public servitudes established by Québec, its agents or mandataries in the cases set forth in subparagraphs 5.1.6.1 A, 5.1.6.1 B, 5.1.6.1 C and 5.1.6.1 D subject to the terms and conditions mentioned herein and subject to compensation mentioned herein and subject to compensation in an equivalent area of land or in money at the option of the Naskapis of Québec except:

- i) in the event of a public servitude for services of direct benefit to Category I-N lands or to the Naskapis of Québec, in which case there shall be no replacement or compensation of any kind for the lands taken for these public servitudes, or
- ii) in the event of a public servitude in Category IA-N lands and if, in accordance with the provisions of section 20, Block Pearce or Block Cartier, as defined in section 20, becomes Category IA-N lands,

then the compensation for the lands taken for such public servitude shall always be by a monetary payment, or

iii) in the event of a public servitude in Category IA-N lands and if, in accordance with the provisions of section 20, Block Matemace, as defined in Section 20, becomes Category IA-N lands, then the lands taken for such public servitude shall be compensated for by replacement or by a monetary sum, at the option of the Naskapis of Québec, unless Québec has serious reasons for being unable to replace said lands, in which event the compensation shall be monetary.

Consequently, all public bodies, agencies and corporations authorized by law will be allowed to expropriate for the purpose of establishing the following public servitudes in the cases and subject to the conditions mentioned below:

- A) infrastructures: such as regional roads and arteries, bridges, airports, protection and irrigation facilities;
- B) local services: water systems, sewers, purification plants, treatment plants, fire protection and other services generally provided by local or municipal governments;
- C) public utilities: electricity, gas, oil, telecommunications and telephones;
- D) however, in the case of gas or oil pipelines or transmission lines, the servitudes shall be subject to the following:
 - a) the servitudes shall be situated as far as possible away from the center of the Naskapi community contemplated by section 20, in so far as reasonable, taking into account all circumstances;
 - b) Category I-N lands used for such purposes shall be replaced by an equivalent area of land unless otherwise expressly provided for in paragraph 5.1.6;
 - c) all reasonable efforts shall be made to attempt to locate such transmission lines or pipelines outside the Category I-N lands, for equal cost;
- E) other servitudes of a similar nature established by law.

In the case of public servitudes, indemnity in lands or money must be effected, at the option of the Naskapis of Québec, except in the circumstances contemplated by subparagraphs 5.1.6.1 i), ii), iii) and subparagraph 5.1.6.1 D. b). In the case of public servitudes involving services which directly benefit the Category I-N lands or the Naskapis of Québec, direct benefit would be determined with respect to the potential use by and/or future advantages to the Category I-N lands and to the Naskapis themselves.

Where it is not otherwise possible for Québec to achieve the above without a full use and taking of the lands, Québec shall have the right to expropriate in full ownership for the purposes of the present paragraph, subject to the other provisions of this section.

5.1.6.2) Direct Benefit

Servitudes considered as being of direct benefit to the Category I-N lands or to the Naskapis of Québec would include servitudes involving public services expressly requested by the Naskapi community or servitudes involving essential services for the Naskapis of Québec provided such services are used by them to enhance their quality of life.

Such servitudes would include but not necessarily be limited to such things as local services generally provided by municipal or local governments and by public utilities, local roads, bridges and community airports.

In all other cases not covered by the present Agreement, the burden of proof in establishing that a servitude is of direct benefit to the Category I-N lands or to the Naskapis of Québec shall lie upon Québec.

In all cases, the Naskapi community shall have the right and opportunity to contest, in accordance with the procedure hereinafter set forth, whether a particular public servitude involves services of direct benefit to the Category I-N lands or to the Naskapis of Québec.

5.1.6.3) Compensation in Land or in Money

In the case of a servitude recognized not to be of direct benefit to the Category I-N lands or to the Naskapis of Québec and except as otherwise provided in subparagraph 5.1.6.1, there shall be compensation in an equal area of lands or, at the option of the Naskapis of Québec, in an amount of money, or partially by an amount of money and partially by lands.

However, such compensation shall be by replacement of lands only when such servitudes effectively withdraw portions of the Category I-N lands from the use or enjoyment of the Naskapis of Québec.

If the Naskapis of Québec choose compensation in the form of lands, the Naskapis of Québec shall indicate their selection preference to Québec as soon as the decision to proceed with the proposed public servitude is taken.

If necessary, Québec shall then propose to the Naskapis of Québec, taking into consideration their preference, and in conformity with the general provisions with respect to servitudes provided for in subparagraph 5.1.6.1, an area with similar characteristics, insofar as is possible, to the Category I-N lands and contiguous to the location of the Category I-N lands subject to the servitude. Such area proposed as replacement shall be double the size of the lands to be replaced. The Naskapis of Québec shall be then entitled to choose from this area a piece of land equal in size to the lands effectively withdrawn for the purposes of the public servitude and contiguous to the Category I-N lands subject to the servitude.

This procedure will precede the taking of lands for a servitude or any construction related to the servitude. However, a time limit of one hundred and twenty (120) days shall be allowed for this procedure, provided that the taking of the lands for the servitude or any construction related to the servitude may proceed after sixty (60) days.

If there is no agreement on the choice of the replacement lands within the period of one hundred and twenty (120) days and provided there is no contestation of the right to acquire the servitude, the compensation would have to take the form of money.

If there is no agreement between the Naskapi community and Québec respecting the determination of what is direct benefit to the Naskapis of Québec or if the Naskapis of Québec, instead of compensation in the form of land, choose compensation in the form of money and the parties are unable to agree as to what is adequate compensation, the decision as to whether the servitude is of direct benefit and as to the amount of compensation shall be made by the Tribunal d'expropriation du Québec, unless the parties agree to submit the matter to binding arbitration.

5.1.6.4) Impact Assessment

A. All proposed public servitudes mentioned in paragraph 5.1.6 and located in lands north of the 55th parallel shall be subject to the Environmental and Social Protection Regime stipulated in Section 23 of the James Bay and Northern Québec Agreement, as amended from time to time.

B. Notwithstanding the environmental and social impact assessment and review procedure that may otherwise apply, all proposed servitudes mentioned in subparagraphs 5.1.6.1 A. and 5.1.6.1 D. located in

lands south of the 55th parallel shall be subject to the environmental and social impact assessment and review procedure provided for in subsection 14.1, except that the delay stipulated in subparagraph 14.1.2.6 shall not be less than sixty (60) days and the consultation process shall be with the Naskapi community.

5.1.6.5) Other

Any land effectively withdrawn from Category I-N lands for the purpose of establishing a servitude which has been compensated for in the form of lands or money will be classified as Category III lands.

If the holder of the servitude no longer requires such servitude, the Naskapis of Québec shall have the option to have the lands formerly subject to such servitude reclassified as Category I-N lands provided that the lands which were granted to the Naskapis of Québec as compensation, if such was the case, revert to Québec to be reclassified as Category II-N lands or as Category III lands depending on their status before the said lands were used for compensation.

Unless the Naskapis of Québec are compensated in money in respect to expropriations by Québec and subject to the provisions of paragraph 5.1.7, the total area of Category I-N lands shall never be less than one hundred and twenty-six (126) square miles without the consent of the Naskapis of Québec or exceed one hundred and twenty six (126) square miles without the consent of Québec.

In respect to the above servitudes, and also subject to the consent of the Lieutenant-Gouverneur en conseil all public bodies, agencies and companies which now have or will have such powers defined in present or future laws of Québec will be able to establish such servitudes.

5.1.7 Expropriation by Canada

Notwithstanding the Expropriation Act of Canada, no Category IA-N lands may be expropriated by Her Majesty in Right of Canada without the prior consent of the Governor in Council.

Subject to the foregoing, nothing in the present Agreement shall be interpreted in any way as limiting the power of Canada to expropriate for public purposes.

5.1.8 Public utilities

Present and future public utilities will continue to remain the responsibility of competent authorities acting in accordance with statutes and regulations of Québec and Canada and applicable local by-laws.

5.1.9 Natural resources

5.1.9.1) Minerals and Other Subsurface Rights

In Category I-N lands, Québec remains the owner of the mineral and subsurface rights with the exception of rights already granted by Québec, as of the approval of the present Agreement.

However, no minerals or other subsurface rights can be obtained, extracted, mined or exercised from or with respect to Category I-N lands without the consent of the Naskapis of Québec and only upon payment of compensation agreed upon, for the use of rights over such lands.

The carrying out of work resulting from mineral rights granted prior to the approval of the present Agreement on lands surrounded by or adjacent to Category I-N lands shall be as dealt with in subparagraph 5.1.5.3 as on other Category III lands. For the purposes contemplated by Division XXII of the Québec Mining Act, the holders of such rights requiring the use of adjacent Category IN lands may use the adjacent of surrounding Category I-N lands to the extent necessary to exercise their rights, subject to the provisions of subparagraph 5.1.5.3. Such works may include mining operations, subject to the provisions mentioned in that subparagraph.

Any future exploration or exploitation of minerals within Category I-N lands, other than the exploration or exploitation under rights existing prior to the approval of the present Agreement including the right to

explore and mine extension of mineralization around the lands subject to such existing rights and subject to the provisions referred to in subparagraph 5.1.5.3, shall only be permitted with the consent of the Naskapis of Québec. Moreover, specific authorization from Québec according to conditions specified in Québec mining laws and regulations, shall be required before any mining rights may be acquired.

5.1.9.2) Substances Ceded to the Naskapis of Québec

Deposits of steatite (soapstone) or other similar material used for traditional arts and crafts will belong to the Naskapis of Québec.

5.1.9.3) Gravel and Other Similar Materials

Permits must be obtained by the Naskapi community from the ministère des Richesses naturelles du Québec for the use of gravel and other similar material generally used for earthworks for personal and community use. However, the ministère des Richesses naturelles du Québec may not withhold such permits provided all the regulations are observed, and the duties provided for under any applicable Québec legislation shall not be collected.

The taking or use of such gravel shall also be subject to the environmental and social protection regime contemplated in the present Agreement in respect to Category I-N lands.

5.1.9.4) Forests

The Naskapis of Québec will have the right to use the forest for personal and community needs within Category I-N lands.

The Naskapis of Québec will likewise have the exclusive right to the commercial exploitation of forest resources within Category I-N lands by themselves or by third parties acting with their consent. However, in such case, the Naskapi community will have to obtain cutting rights or permits from the ministère des Terres et Forêts du Québec, but the said ministère shall not withhold its consent to such permit, provided that such commercial cutting is in keeping with the development and marketing plan accepted by the said ministère. In the event of such commercial exploitation, the said community will not be obliged to pay stumpage dues to Québec but operations must respect Québec standards.

Subject to such permit and the requirements hereinabove stated, such resources shall be governed by the laws applicable to Category I-N lands. The general regime for forest protection, including the cost entailed, will be applicable.

5.1.10 Residence

Notwithstanding any other provision of the present Agreement, and whether or not the Indian Act applies, all persons eligible pursuant to the provisions of section 3 have the right to reside on Category IA-N lands.

Subject to the provisions of subsection 20.25A, non-Native people presently residing on the lands which may become Category I-N lands shall have the right to remain until the expiration of their rights of occupancy or residency on such lands, and shall be subject to the general by-laws and regulations of the Naskapi local authority. Subject to the foregoing, non-Native people will not be allowed to reside on Category I-N lands except in accordance with the by-laws and regulations established by the Naskapi local authority. However, such by-laws and regulations must permit non-Native people to reside on said lands for purposes allowed by the Naskapis local authority, for purposes of administrative or public service duties or scientific research, provided such activities do not entail an influx of substantial numbers of people likely to alter in an appreciable way the demographic makeup of the Naskapi community contemplated by section 20.

In particular, non-Naskapis married to Naskapis and their immediate families in the first degree, shall have the right to reside on Category I-N lands.

5.1.11 Access

The general public will have access to all roads, arteries, airports, bridges, public sea-plane bases, wharves, rivers and principal lakes and public buildings and lands used for public purposes.

The following persons shall also be permitted access to Category I-N lands:

- persons authorized to reside on Category I-N lands;
- persons authorized to exercise a public function or engaged in technical surveys, the construction or operation of a public work or public utility;
- owners of mineral rights and persons engaged in the exercise thereof;
- such other persons as may be authorized by the Naskapi local authority.

Subject to the foregoing, only the Naskapis of Québec shall have access to Category I-N lands and the Naskapi local authority shall have by-law power to regulate access provided that any such by-law shall not negate or unreasonably restrict the right to access.

5.1.12 Taxation

Vacant Category IB-N lands held by the private landholding corporation contemplated by paragraph 5.1.3 shall not be subject to realty, water, business or school taxes.

5.1.13 Restrictions on transfer

No Category I-N lands may be sold or otherwise ceded except to the Crown in Right of Québec. However, in accordance with the terms of the present Agreement, the Naskapi local authority for Category IA-N lands in the case of Category IA-N lands and the landholding corporation mentioned in paragraph 5.1.3 in the case of Category IB-N lands may grant to any person, including non-Natives, servitudes, usufructs, other rights of use and occupation and leases respecting such lands, provided that where lands are leased or real rights granted to non-Natives for a period exceeding five (5) years, including any renewal thereof, the leasehold interest or real rights granted shall be, as of the date of the lease or grant, subject to all laws and regulations of Québec as if the lands over which the said leasehold interest or real rights are granted were Category IB-N lands.

Notwithstanding the immediately preceding paragraph, no watercourses or lakes, or rights therein in Category IB-N lands may be granted by the landholding corporation mentioned in paragraph 5.1.3 to persons other than Naskapis.

In the event that the Naskapi band occupying Category IA-N lands becomes extinct, Canada shall revert in Québec all the rights and interests transferred to it under the present Agreement in Category IA-N lands occupied by the band prior to its becoming extinct.

5.2 Category II-N lands

5.2.1 Definition

Category II-N lands, will comprise sixteen hundred (1,600) square miles north of the 55th parallel of latitude where the Naskapis of Québec shall have the exclusive right of hunting, fishing and trapping and the rights established in their favour under the Hunting, Fishing and Trapping Regime referred to in paragraph 15.2.1. Other uses of Category II-N lands for purposes other than hunting, fishing and trapping shall be subject to the provisions set forth hereafter. The Category II-N lands are shown on the map attached as schedule 5 to section 4 and are described in section 4.

Québec jurisdiction shall continue over Category II-N lands.

5.2.2 Third party interests

The lands already ceded to third parties in ownership prior to the approval of the present Agreement shall be excluded from Category II-N lands.

Moreover, lands within the area of the said Category II-N lands which are subject to rights already ceded to third parties prior to the approval of the present Agreement by way of lease or occupation permits or lands which are the object of mining claims, development licenses, exploration permits, mining concessions and mining leases shall be Category III lands. At such time as the said rights revert to the Crown such lands shall become Category II-N lands.

Moreover, existing roads, landing strips, airport installations, sea-plane bases and maritime structures shall be Category III lands, and, as such, shall be excluded from the administrative regime applicable to Category II-N lands.

5.2.3 Development

Category II-N lands may be appropriated by Québec for development purposes, provided such lands are replaced or, if the Naskapi local authority for Category IB-N lands wishes, and an agreement can be reached thereon, the said local authority is compensated. Unless such activities are directly related to pre-development, the rights of, or the exercise thereof by, persons other than Naskapis in respect to their lawful activities, shall be controlled by Québec through appropriate legislation or regulations and reasonable enforcement machinery if they interfere or could reasonably be expected to interfere with the rights granted to the Naskapis of Québec in virtue of the Hunting, Fishing and Trapping Regime referred to in paragraph 15.2.1.

For the purposes of the present Agreement in respect to Category II-N lands, "development" shall be defined as any act or deed which precludes hunting, fishing and trapping activities by the Naskapis of Québec, except for pre-development; and "pre-development" shall be defined as any act or deed of an exploratory nature exercised during a limited time in view of researching information to decide if development will take place or not.

In the case of development, should the Naskapi local authority for Category IB-N lands choose replacement of lands, it shall indicate its preference to Québec as soon as the decision to proceed with the development is taken and communicated.

If there is no agreement in respect to the choice of replacement lands, Québec shall then propose to the Naskapi local authority for Category IB-N lands, taking into consideration the said Naskapi local authority's preference, an area with similar characteristics, insofar as is possible, to Category II-N lands and contiguous to the Category II-N lands. Such area proposed as replacement shall be double the size of the land to be replaced. The said Naskapi local authority shall then choose from this area a piece of land contiguous to the Category II-N lands and equal in size to the lands effectively taken away for the purposes of such development as full compensation for the lands taken away. Compensation may also be made by money payments mutually agreed upon.

This procedure will precede the taking of lands for development or any construction related thereto. However, a time limit of one hundred and twenty (120) days shall be allowed for this procedure, provided that the taking of the lands for the development or any construction related to such development may proceed after sixty (60) days.

Such development shall be subject to the applicable environmental and social protection regime.

5.2.4 Public servitudes

Notwithstanding the above definition of "development", all public servitudes may be established on Category II-N lands without payment of indemnity.

5.2.5 Natural resources

5.2.5.1) Mineral and Other Subsurface Rights

Mineral exploration and technical surveys do not constitute development as defined herein and may be carried out without replacement of lands and without payment of indemnity, but subject to the provisions of the applicable environmental and social protection regime. Moreover, such mineral exploration and technical surveys must be carried out so as to avoid unreasonable conflict with wildlife harvesting activities.

5.2.5.2) Use of Soapstone

The right to use soapstone for traditional arts and crafts purposes may be acquired by the Naskapis of Québec through the Naskapi local authority for Category IB-N lands by way of a permit from the ministère des Richesses naturelles du Québec. Such permit may not be unreasonably withheld. This special permit will be provided for under the Mining Act and will give the right to use this mineral substance only for the use of traditional arts and crafts purposes.

The lands in question will have to be marked in the field by the Naskapis of Québec by using a method analogous to the one used for claim staking. The area will have to be restricted to the outcrops easily accessible to the Naskapis of Québec. Furthermore, the right to the soapstone will always be subordinated to the rights to other mineral substances, in such a way that it will not prevent possible mining developments on that land.

5.2.5.3) Forests

Forest operations are compatible with hunting, fishing and trapping activities.

Commercial cutting programs in Category II-N lands will be defined according to management plans elaborated by the ministère des Terres et Forêts du Québec, which shall take into consideration hunting, fishing and trapping activities.

Operations must respect Québec standards and the general regime for forest protection will be applicable.

5.2.6 Access

Subject to the rights of the Naskapis of Québec under the Hunting, Fishing and Trapping Regime referred to in paragraph 15.2.1, persons exercising a right compatible with such rights of the Naskapis of Québec as well as persons exercising some duty imposed by law shall have access to Category II-N lands and may remain thereon, and erect constructions thereon, subject to the general restrictions of law and the provisions imposed by this section and subject to the following additional restrictions:

5.2.6.1) Tourism and Recreation

Persons other than Naskapis will not be allowed to hunt, fish or trap on Category II-N lands except with the consent of the Naskapi local authority for Category IB-N lands and subject to the rights of persons other than Naskapis as set forth in section 15.

5.2.6.2) Exploration, Pre-development Activities, Scientific Studies and Administrative Purposes

Persons wishing to carry out such works shall be required to obtain an authorization for same from Québec. Such a request for authorization shall have to include the following information: objective, nature, importance of the work to be effected, duration and a description of the installations involved.

In case such authorization is granted, the Naskapi local authority for Category IB-N lands shall be advised of the information so given to Québec, as soon as is reasonably possible.

However, works which do not involve substantial operations in the field, such as geoscientific works and mining exploration of the type provided for by la Loi des mines du Québec will not be subject to the presentation of the information nor the obtaining of the authorization mentioned above.

Nonetheless, such works shall be carried out in such a manner as to avoid unreasonable conflict with the rights of the Naskapis of Québec under the Hunting, Fishing and Trapping Regime referred to in paragraph 15.2.1.

5.3 Category III lands

5.3.1 General access to Category III lands will be in accordance with legislation and regulations of Québec concerning public lands, and the Naskapis of Québec acknowledge this.

The regime for the use of soapstone in Category III lands shall be that applicable, *mutatis mutandis*, to Category II-N lands.

5.4 Wood rights for the Naskapis on Category II-N lands or on Category III lands

5.4.1 Québec will consider proposals for wood rights submitted by the Naskapis of Québec which would have the effect of creating employment for them and other residents of the Naskapi Sector defined in paragraph 15.1.21 and which are in accordance with the planning of the ministère des Terres et Forêts du Québec.

5.4.2 The Naskapis of Québec shall pay stumpage dues for commercial utilization of such wood rights on Category II-N lands or on Category III lands in the said Naskapi Sector.

5.4.3 Specific arrangements for the operation contemplated shall be discussed and agreed upon with the ministère des Terres et Forêts du Québec. However, the Naskapis shall be liable for the payment of costs incurred under the general regime for forest protection.

5.5 Development

5.5.1 The right to develop referred to or provided for in the present subsection is subject to the provisions of the James Bay and Northern Québec Agreement, as amended from time to time.

5.5.2 Québec, Canada and the Naskapis of Québec acknowledge that notwithstanding anything else contained in the present Agreement, subject to all applicable laws and regulations, Québec, la Société d'énergie de la Baie James, la Commission hydroélectrique de Québec (Hydro-Québec) and la Société de développement de la Baie James and their nominees and such other persons acting lawfully shall have the right to develop the lands and resources in Category III lands. SECTION 6

Technical Aspects

6.1 Project description

6.1.1 Definitions

For the purposes of this section, the following words and phrases shall be defined as follows:

6.1.1.1) "Société d'énergie de la Baie James", la Société d'énergie de la Baie James or la Commission hydroélectrique de Québec (Hydro-Québec), or both;

6.1.1.2) "Le Complexe La Grande (1975)", the project described in Schedule 1 of Section 8, as amended from time to time, of the James Bay and Northern Québec Agreement.

6.1.2 Le Complexe La Grande (1975)

The Naskapis of Québec acknowledge that Le Complexe La Grande (1975) is already under construction and therefore shall not be subject to the environmental regimes established by the present Agreement and by the James Bay and Northern Québec Agreement, and the Naskapis of Québec further agree not to take any actions whatsoever which would prevent the construction of the components of Le Complexe La Grande (1975), substantially as described in Schedule 1 of Section 8 of the James Bay and Northern Québec Agreement, with or without LA 1 and EM 1 or as modified from time to time pursuant to the application of the provisions of SubSection 8.19 of the James Bay and Northern Québec Agreement.

6.1.3 Substantial additions or modifications to Le Complexe La Grande (1975)

For the purposes of the present Agreement, the Naskapis of Québec and la Société d'énergie de la Baie James agree that any additions and/or substantial modifications to Le Complexe La Grande (1975), if built, shall in respect to the Naskapis of Québec be considered as future projects subject to the applicable environmental regime in respect only to ecological impacts, and that sociological factors or impacts shall not be grounds for the Naskapis of Québec to oppose or prevent the said developments.

This provisions shall not eliminate the reasonable mitigating measures required to minimize effects of the projects on the hunting, fishing and trapping by the Native people and there shall be remedial works for these projects. Nothing herein shall prevent la Société d'énergie de la Baie James from effecting remedial works, or from entering into agreements with the Naskapis of Québec, or with the Naskapis of Québec and others, for the purpose of undertaking such works.

Moreover, the Naskapis recognize that LG 1 of Le Complexe La Grande (1975) may be built either at mile 44 or at mile 23 on the La Grande River and that such construction, if effected, is considered by the Naskapis as a part of Le Complexe La Grande (1975).

6.2 Special provisions related to the diversion of part of the basin of the Caniapiscou River

There shall be general remedial works carried out at the cost of la Société d'énergie de la Baie James to minimize to a reasonable extent all possible and probable damages to the Naskapis of Québec or to the animals, birds and fish on which they depend in that part of the Territory situated north of the point of diversion of the Caniapiscou River resulting from the said diversion of the Caniapiscou River, which diversion forms part of Le Complexe La Grande (1975).

All studies, plans, monitoring and remedial works undertaken pursuant to the above provisions shall be decided, managed and supervised by la Société d'énergie de la Baie James.

6.2.1 Caniapiscou-Koksoak joint study group

La Société d'énergie de la Baie James shall forthwith upon the execution of the present Agreement, if this has not previously been done, take the necessary measures to establish and provide for the funding of the Caniapiscou-Koksoak joint study group to be constituted pursuant to the provisions of SubSection 8.10 of the James Bay and Northern Québec Agreement.

6.2.1.1) Membership

In addition to the members provided for in subparagraph 8.10.1 a) of the James Bay and Northern Québec Agreement, one member of this joint study group shall be designated by the Naskapi Native party. The member so designated shall officially become a member of the said joint study group upon the approval of la Société d'énergie de la Baie James, which approval may not be unreasonably withheld and, in any event, may only be withheld for reasons of professional standing or qualification. This member will be entitled to have a Naskapi assistant to act as a liaison and information officer for the Naskapi local authority and such assistant will be paid on a per diem basis for time approved by la Société d'énergie de la Baie James.

6.2.1.2) Special provisions

Within the limits of its mandate, the joint study group shall study, in addition to the other remedial measures contemplated by Sub-Section 8.10 of the James Bay and Northern Québec Agreement relating to the diversion of the waters of the upper basin of the Caniapiscou River, the possibility of partially regulating the flow of water in the remaining portion of the Caniapiscou River basin by the building of regulating reservoirs for the purpose of maintaining to the extent reasonable the aquatic wildlife resources. However, the technical aspects of this regulation shall be studied by the engineering service of la Société d'énergie de la Baie James but only if the said joint study group considers that the advantages of such regulation may be greater than the disadvantages thereof.

6.2.1.3) Salary and reasonable expenses of the Naskapi representative and his Naskapi assistant

The salary and reasonable expenses of the representative of the Naskapis and his Naskapi assistant will be established by la Société d'énergie de la Baie James on the basis of their qualifications and will be paid by la Société d'énergie de la Baie James only for actual time spent on the business of the study group, and the appropriate administrative procedures of la Société d'énergie de la Baie James shall apply in this respect.

6.2.2 Employment

To the extent that it is feasible, Native people shall be employed by la Société d'énergie de la Baie James in the carrying out of research, monitoring and other functions for the work that will be carried out by la Société d'énergie de la Baie James in the area north of the 55th parallel or in the area of the Caniapiscou Reservoir. For such work, la Société d'énergie de la Baie James shall cooperate with the Naskapi Native party in the development and implementation of on the job training programs designed to upgrade the skills of Naskapi persons who are or might be employed in the carrying out of work by la Société d'énergie de la Baie James.

The clearing of the Caniapiscou Reservoir shall be carried out taking into consideration the clearing objectives of Schedule 2 to Section 8 of the James Bay and Northern Québec Agreement. 6.4 Water spilling in the Caniapiscou River

Should the estimated spring run-off for any one year indicate that spilling in the Caniapiscou River may be required at the diversion point, la Société d'énergie de la Baie James undertakes to distribute the spills over the longest practical period to minimize the peak discharges.

Whenever such spills have taken place, la Société d'énergie de la Baie James shall furnish to the Naskapi Native party the details of such spills and daily discharge records. In controlling the seasonal variations of water levels in the Caniapiscou Reservoir of Le Complexe La Grande (1975) ecological considerations shall be taken into account.

6.5 Environmental Expert Committee of la Société d'énergie de la Baie James

La Société d'énergie de la Baie James shall carry out and pay for its normal environmental program including impact assessments and remedial works to be studied, decided, planned, executed and supervised through its normal administrative procedure.

In order to be advised, la Société d'énergie de la Baie James has formed an Environmental Expert Committee which will submit its recommendations to la Société d'énergie de la Baie James Management Committee and, when appropriate, to the board of directors, which makes the final decision as to the implementation of these recommendations.

When this committee of experts studies matters related to the mandate of the CaniapiscouKoksoak joint study group referred to in paragraph 6.2.1, or any recommendation of said joint study group or any remedial work considered in connection with the construction of the Caniapiscou Reservoir, la Société d'énergie de la Baie James shall invite the member of the CaniapiscouKoksoak joint study group appointed by la Société d'énergie de la Baie James pursuant to the recommendation of the Naskapi Native party to attend the meeting but he shall participate in the discussions on said matters only.

The said invited member shall be remunerated for the time spent on the business of the Environmental Expert Committee in accordance with the provisions of subparagraph 6.2.2.3. The appropriate administrative procedures of la Société d'énergie de la Baie James shall apply in this respect.

6.6 Fortuitous event

There shall be no liability under the present Agreement for any party hereto in case of events beyond the control of such party and in case of fortuitous events, that is to say, any unforeseen event caused by superior force which it was impossible to resist. Without limiting the foregoing, fortuitous events shall include an act of public enemies, war, invasion, insurrection, riot, civil disturbance, labor strike and other similar events.

6.7 Release

In consideration of and subject to the benefits and undertakings in favour of the Naskapis of Québec contemplated by the present Agreement and except as otherwise provided for in the present Agreement, the Naskapis of Québec in respect to Le Complexe La Grande (1975) hereby release la Société d'énergie de la Baie James and/or la Commission hydroélectrique de Québec (Hydro-Québec) and/or la Société de développement de la Baie James of all claims, damages, inconvenience and impacts of whatever nature related to the hunting, fishing and trapping of the Naskapis of Québec and related activities and to their culture and traditional ways that may be caused by the construction, maintenance and operation of Le Complexe La Grande (1975), except however that such release shall not apply to the utilization by the Naskapis of Québec of wildlife resources north of the 55th parallel insofar as such utilization may be affected by the Canispiscou diversion.

6.8 Application of laws of Canada

Notwithstanding anything in this section, the laws of Canada, from time to time in force, shall continue to apply to all development contemplated within the terms of this section insofar as such laws are applicable to such development.

Canada acknowledges that the project and its components, as presently described in Schedule 1 of Section 8 of the James Bay and Northern Québec Agreement, are in substantial conformity with the requirements of applicable federal laws and regulations and consents to its construction in accordance with said description insofar as such consent is required.

12.3.3.4) the depositions, admissions, objections to evidence and the decisions thereon shall be simultaneously translated into Naskapi, but only for the information of the Naskapi party involved.

12.3.4 The judge of the itinerant court of the judicial district shall have available to him, when said judge considers it necessary or appropriate, probation officers, who preferably shall be Naskapis.

12.3.5 In the event that a suboffice of the courts of the judicial district is established in or in the vicinity of the Naskapi community, this office, to the extent feasible, shall employ native persons who shall be engaged on a fulltime or on a parttime basis and trained to act as deputy clerks of the Provincial Court, of the Social Welfare Court, of the Court of Sessions of the Peace, and also as deputy-sheriff of the judicial district, and to fill other positions in the administration of justice in this suboffice, when it is appropriate to do so.

12.4 Justices of the peace

12.4.1 Justices of the peace, preferably Naskapi, shall be appointed in order to deal with infractions to bylaws adopted by the Naskapi local authority and other offences contemplated in section 107 of the Indian Act. These appointments will be subject to the approval of the Naskapi local authority.

12.6 Legal aid

12.6.1 The Naskapis, as individuals, are entitled to receive legal aid services in all legal matters provided they meet the criteria of the Québec Legal Services Commission. These criteria should be modified to

take into consideration the cost of living, the distances involved and other factors peculiar to the judicial district.

12.7 Detention

12.7.1 A Naskapi who, after his sentence has been pronounced, is to be imprisoned, committed or detained anywhere in Québec, has the right, if he so desires, to be imprisoned, committed or detained in an institution contemplated by Section 18 of the James Bay and Northern Québec Agreement, as amended from time to time.

12.7.2 If the Minister considers it opportune and if the Naskapi local authority considers it necessary, temporary detention facilities may be established in the Naskapi community. This institution shall be administered by personnel recommended by the Naskapi local authority.

12.7.4 Probation, parole, rehabilitation and post-detention services shall be provided to Naskapis, in Naskapi, if practicable, taking into account the age and conditions of such Naskapis as well as their culture and way of life.

12.7.5 For the purpose of promoting a better administration of justice, studies for the revision of the sentencing and detention practices of Naskapis should be undertaken, with the collaboration of the Naskapi local authority, taking into account the Naskapi culture and way of life.

12.8 Juries

12.8.1 If it proves to be necessary, the provisions of the Criminal Code and the Canada Evidence Act shall be amended so that they may be better adapted to the circumstances, usages, customs and way of life of the Naskapis and to the difficulties of the judicial district. Particularly for the case where a Naskapi is the accused, amendments shall be adopted in order to permit Naskapis to qualify as jurors notwithstanding that these Naskapis might not qualify as jurors in virtue of existing applicable laws or regulations and even if these Naskapis speak neither French nor English.

12.9 Information and courses

12.9.1 In order to ensure that the Naskapis do not misunderstand the intervention of the judicial authority or the legal system, information programs shall be established and financed by Québec.

12.9.2 One or more detention liaison officers shall be trained in order to assist Naskapis to obtain legal advice and to assist them in all phases of the judicial process and to give to the Naskapi community information concerning the law.

These courses will deal with the language, customs, needs and aspirations of the Naskapis in the judicial district.

Some of them may be engaged on a parttime basis to perform the above duties referred to in paragraph 13.1.1 and may, in their spare time, perform other duties and functions referred to in section 12.

13.1.3 Such special constables, if they qualify, may be appointed as members of the Regional Police Force constituted pursuant to Section 21 of the James Bay and Northern Québec Agreement.

13.1.4 The number of Naskapis, or persons approved by the Naskapi local authority, engaged as special constables shall depend on the circumstances and requirements of the Naskapi community contemplated by section 20. The basic criterion which will apply is one (1) special constable for every five hundred (500) Naskapi persons in the community including the floating population therein.

13.1.5 The qualifications for the appointment of said special constables shall be the same as those actually prevailing for the appointment of native special constables, taking into account the availability of Naskapi manpower. Guide concerning the contents of an environmental and social impact statement

Introduction

This schedule describes the objectives and contents of an environmental and social impact statement which must be prepared for future developments.

In the exercise of their functions and duties with respect to the review of environmental and social impact statements in order to determine whether the assessment and the impact statements are adequate, the responsible authorities of Canada or Québec shall give due consideration to the provisions of the present guide without being restricted or bound by or to the said provisions.

Objectives

An impact statement should identify and assess clearly and in as factual a manner as possible the environmental and social impacts induced by the project, especially those on the Native population potentially affected.

The main objectives of an environmental and social impact statement are to ensure that:

- environmental and social considerations form an integral part of the proponent's planning and decisionmaking process;
- potential environmental and social impacts resulting from development are identified as systematically as possible;
- alternatives to the proposed development, including alternatives to individual elements of large scale projects, will be evaluated with a view to minimizing within reason impacts on Native people and wildlife resources and maintaining the quality of the environment;
- remedial or preventive measures will be incorporated into proposed development so as to minimize, within reason, expected negative impacts;
- the responsible authorities of Québec and Canada, within their respective jurisdictions, are adequately informed to be able to take the decisions for which they are responsible in virtue of subsection 14.1.

Contents

In addition to the sections relating to the various aspects or elements to be studied, an environmental and social impact statement must contain a section giving a summary of the essential arguments relied upon by the proponent as well as his conclusions.

The following outline gives the major headings that should normally be included in any environmental impact statement, when applicable:

1. Description of the Project

The following should generally be included in the project description when justified by the nature and the importance of the project:

- a) purpose and objectives;
- b) location or alternative locations being considered;
- c) identification of area and human populations potentially affected by each project location being considered;
- d) physical plant, activities involved in construction phase of development, including an estimate of the size of the work force;
- e) material/energy balance for the plant (Input/Output);
- f) physical and human requirements for operation phase of the project;
- g) possible future phases of the development.

2. Alternatives to the Proposed Project.

When justified by the nature of the project, there should be a section which explores and objectively assesses the impact on the Native people and on the environment of reasonable site alternatives of the project in the Territory and of reasonable alternatives to certain elements of the proposed project. These alternatives should be considered with a view to optimize as much as reasonably possible the positive effect of the development on the environment, taking into account environmental, socioeconomic and technical considerations and to minimize negative impacts including impacts on the affected population, as reasonably as possible. Where the gross impact of alternative actions differs significantly, the analysis should be sufficiently detailed to permit the comparative assessment of the costs, benefits, and the environmental risk to the different interested populations between the proposed project and the available options.

3. Environmental and Social Setting

The state of the environmental and social setting should be described before the proposed development begins, in order to have a reference point for the evaluation of the impacts of the future development.

The description should not only include the identification and description of the components identified below, but should equally consider their ecological relationships, and when appropriate, their scarcity, sensitivity, productivity, variety, evolution, location, etc. The level of details provided in the description should be based upon the importance and the implications of the specific impacts involved.

The following is a representative list of the items that could be considered in the environmental and social setting. Any item potentially affected should be included.

Environmental Conditions:		
	Lands	
	Physical:	- topography
		- geology
		- soil and drainage
	Vegetation	
	Fauna	
	Water	
	Physical:	- hydrology
		- quality

	Fauna	
	Air	
	Climate	
	Micro-climate	
	Quality	
Social Conditions:		
	Population affected.	
	Land use in the zone influenced by the future development.	

Harvesting: use and importance of various species.
Social organization: family, community, ethnic relations.
Culture: values, goals and aspirations.

4. Predicting and Evaluating Probable Impacts

This part of schedule 3 involves the identification, evaluation and synthesis of impacts associated with the headings referred to in the preceding part of this schedule entitled "Environmental and Social Setting".

This section of the statement should consider, whenever appropriate, direct, indirect and cumulative impacts, short term and long term impacts and reversible or irreversible impacts. Attention should also be given to impacts occurring at different phases of the development, and on different scales, i.e. local, regional or national scale.

The proponent should in his prediction and evaluation of impacts discuss the reliability and adequacy of the information used, limitations imposed upon his study by the unavailability of information, and areas of significant uncertainty and risk.

5. Corrective and Remedial Measures

The proponent should include in the statement a section identifying and evaluating reasonable remedial or corrective measures which should reduce or alleviate the negative impact of the proposed development on the population affected, wildlife resources of the Territory and the quality of the environment in general. Measures aimed at enhancing positive impacts induced by the project should also be included in this section.

15.3.3.1) the right to harvest may be granted only to those who justify to the satisfaction of Québec any claim to a native right in the said Sector that they might have had as of the date of the signature of the James Bay and Northern Québec Agreement;

15.3.3.2) the right to harvest shall not be granted in Category IN lands, in Category IIN lands or in the area of common interest for the Inuit and the Naskapis as defined in paragraph 24.13.4A of the James Bay and Northern Québec Agreement, as amended from time to time;

15.3.3.3) at least thirty (30) days prior to entering into an agreement respecting the granting of the aforesaid right to harvest, Québec shall inform the Cree Native party, the Inuit Native party, as well as the Naskapi Native party until the creation of the Naskapi local authority provided for in section 8 and thereafter the said Naskapi local authority, that such right may be granted.

15.3.4 The Naskapis of Québec may exercise the right to harvest in the Naskapi Sector in accordance with the provisions of the Hunting, Fishing and Trapping Regime where this activity is physically possible and does not conflict with other physical activity or public safety. Acts by parties to the present Agreement or by third parties to limit access to an area within the Naskapi Sector for reasons other than those specifically enumerated in this section shall not ipso facto exclude that area from the right to harvest.

15.3.5

15.3.5.1) The words "conflict with other physical activity" shall mean actual physical conflicts or physical interference but shall not include conflicts or interference of any other nature which may be perceived, anticipated or declared by any means whatsoever. Without limiting the generality of the foregoing, the creation or existence of parks, reserves, wilderness areas, ecological reserves and the grant or existence of concessions or rights with respect to forestry or mining shall not in themselves be considered conflicting physical activities and the Naskapis of Québec shall continue to have the right to harvest in such areas.

15.3.5.2) The creation or existence of wildlife sanctuaries shall operate to exclude all or part of such sanctuaries from the right to harvest but only with respect to those species for whose protection such sanctuaries are created and for such periods of time and/or season when such protection is required.

15.3.6

15.3.6.1) The right to harvest shall not be exercised in lands situated within existing or future non-Native settlements within the Naskapi Sector.

15.3.6.2) The annexation of land by a municipality or any other public body shall not in itself exclude such areas from the harvesting rights of the Naskapis of Québec as long as such lands remain vacant.

15.3.7

15.3.7.1) In areas specified in existing leases or permits as being reserved for the exclusive use of an outfitter and in areas presently covered by fish and game leases, the right to harvest, except for the right to trap, shall not be exercised during the operating season of such outfitters, lessees and permit holders.

15.3.7.2) Subject to subsection 15.9, the rights of present outfitters and present holders of fish and game leases shall be respected for the duration of the current term of their present leases or permits. At the expiration of the current terms of such leases or permits, the terms shall be reviewed by the Coordinating Committee to minimize conflicts with harvesting activity. This provision shall be without prejudice to any agreement between an outfitter, lessee or permit holder and the Naskapi Native party.

15.3.8 Restrictions on the right to harvest for reasons of public safety shall apply primarily to the discharge of firearms, to the setting of large traps or nets in certain areas, and to other dangerous activities having due regard for others lawfully in the vicinity. Any such restrictions shall not in themselves preclude other harvesting activities.

15.3.9 Subject to conservation rules established pursuant to the Hunting, Fishing and Trapping Regime, to any restrictions in the Migratory Birds Convention Act and its regulations, to the undertakings of Canada respecting the Migratory Birds Convention referred to in subsection 15.14 and to any other exceptions specified in this section, the Naskapis of Québec shall have the right to harvest at all times of the year.

15.3.10

15.3.10.1) Subject to the principle of conservation, the right to harvest applies to harvesting activities of the Naskapis of Québec exercised in conformity with the provisions of the Hunting, Fishing and Trapping Regime.

15.3.10.2) In the case of migratory birds, personal use shall be limited to the gift or exchange of all products of harvesting within the extended family, subject to the undertakings of Canada contained in subsection 15.14.

15.3.10.3) Community use shall include the gift, exchange and sale of all products of harvesting among Naskapi residents of the Naskapi Sector, and shall not include the gift, exchange and sale of all products of harvesting between the Naskapi residents of the Naskapi Sector and Naskapis residing outside of said Sector. In the case of migratory birds, community use shall be limited to the gift or exchange of meat and eider-down among Naskapi residents of the Naskapi Sector, subject to the undertakings of Canada contained in subsection 15.14. Community use shall not include the exchange or sale of fish or meat to persons other than Naskapis, except in the case of commercial fisheries.

15.3.10.4) In the event that the Naskapis relocate to Block Matemace, in accordance with the provisions of Section 20, community use shall include the gift, exchange and sale of all products of harvesting consistent with present practice between Native communities in the Territory and/or members of such a Native community or communities. For greater clarity, community use shall not exclude the gift, exchange and sale of all products of harvesting between Native communities in the Territory and members of such a Native community or communities not presently conducting such activity. For Native people living in non-Native settlements such as Schefferville, Matagami, Chibougamau, etc., community use shall be restricted to the gift, exchange and sale of all products of harvesting consistent with present practice between such Native people and shall not include gift, exchange and sale with Native communities. In the case of migratory birds, community use shall be limited to the gift or exchange of meat and eider-down consistent with present practice between Native communities in the Territory and/or members of such a Native community or communities, subject to the undertakings of Canada contained in subsection 15.14. Community use shall not include the exchange or sale of fish and meat to non-Natives except in the case of commercial fisheries.

15.3.11 The right to harvest shall include the right to possess and use all equipment reasonably needed to exercise that right with the exception of the following: explosives, poisons, firearms connected to traps and remote controls, automatic weapons, tracer bullets, non-expanding ball ammunition, air-guns, and other similar equipment, as may from time to time be prohibited by regulations passed upon recommendation by the Coordinating Committee, the whole subject to applicable laws and regulations of general application concerning weapon control, where such control is directed to public security and not to harvesting activity. Nevertheless, Québec regulations obliging persons under the age of sixteen

(16) to be accompanied by an adult when hunting or fishing shall not apply to Naskapis of Québec above the age of reason.

15.3.12 The right to harvest shall include the right to travel and establish such camps as are necessary to exercise that right, in accordance with the terms and conditions of the present Agreement.

15.3.13 The right to harvest shall include the use of present and traditional methods of harvesting except where such methods affect public safety.

15.3.14 The right to harvest shall include the right to possess and transport within the Territory the products of harvesting activity.

15.3.15 The Naskapis shall have the right to trade in and conduct commerce in all the by-products of their lawful harvesting activities.

15.3.16 Subject to the restrictions and controls with respect to non-Native hunting and fishing provided for in this section, the right to harvest shall not be construed to prevent or limit access to the Naskapi Sector by non-Natives in accordance with the provisions found elsewhere in the present Agreement.

15.3.17 The exercise of the right to harvest shall not be subject to the obtaining of permits, licenses, or other authorization, save where expressly stipulated otherwise in this section. Where, by exception, for the purposes of management, leases, permits, licenses or other authorizations are required by the responsible minister or required on the recommendation of the Coordinating Committee, the Naskapis shall have the right to receive such leases, permits, licenses or other authorizations at a nominal fee through the Naskapi local authority.

15.3.18 Subject to the provisions of the Hunting, Fishing and Trapping Regime, the Naskapis of Québec shall have the exclusive right to trap in the Naskapi area of primary interest as part of their right to harvest. This right to trap shall include the right to trap for all commercial purposes.

15.3.18A This exclusive right to trap by the Naskapis shall be without prejudice to the trapping rights, if any, exercised by Indians who are not party to the present Agreement on the beaver reserves allocated to them prior to November 11, 1975, except in the Category IN lands and in the Category IIN lands where the exclusive right to trap by the Naskapis shall prevail.

15.3.19 If the Naskapis have not exercised their right to trap within a part of the Naskapi Sector for an extended period, and where trapping activity in such part of the Naskapi Sector is necessary for the proper management of a species, Québec may, only upon the advice of the Coordinating Committee and after giving reasonable notice to the Naskapi Native party through the Coordinating Committee, permit persons other than Naskapis to exercise the necessary trapping activity in such part of the Naskapi Sector, when the Naskapi Native party fails to do so. Such permission shall be subject to an agreement between the Naskapi Native party and Québec; failing such agreement the responsible Minister may, only upon recommendation of the Coordinating Committee, permit persons other than Naskapis to exercise such activity, and in such case the minister shall establish the terms and conditions upon which such activities shall be exercised provided such activity shall not be permitted for a period exceeding four (4) years. At the expiration of said period, the Naskapis shall have the right to resume the exercise of their right to trap on that portion of the Naskapi Sector, failing which the foregoing procedure shall apply.

15.3.20 Within Category IN lands and Category IIN lands, the Naskapis shall have the exclusive right to establish and operate commercial fisheries. Within Category III lands in the Naskapi area of primary interest, the Naskapis shall have the exclusive right to establish and operate commercial fisheries related to the species of fish enumerated in the list of exclusive species referred to in paragraph 24.7.1 of the James Bay and Northern Québec Agreement, as said list may be modified from time to time in accordance with the provisions of the James Bay and Northern Québec Agreement, as amended from time to time.

Within the area of common interest for the Naskapis and the Inuit referred to in paragraph 24.13.4A of Section 24 of the James Bay and Northern Québec Agreement, as amended from time to time, both the Naskapis and the Inuit shall have the said right which the Naskapis have in Category III lands in the Naskapi area of primary interest.

15.3.21 All applications for commercial fisheries permits within Category IN lands, Category IIN lands or Category III lands shall be submitted to the Coordinating Committee and shall be assessed by the Coordinating Committee upon the basis of the possible and probable impact of such proposed fisheries operations upon harvesting and recreational fishing. The Coordinating Committee shall make recommendations to the responsible minister with respect to such applications on the basis of its assessment. No commercial fisheries shall be permitted within Category IN lands and Category IIN lands without the consent of the Naskapi local authority.

15.3.22 A minimum of control or regulations shall be applied to the Naskapis, which shall mean inter alia that:

15.3.22.1) when the Coordinating Committee or the responsible government of Canada or Québec decides that control of harvesting activities by Naskapis is necessary, the Coordinating Committee or the responsible government of Canada or Québec shall first formulate guidelines and/or advisory programs with respect to the control of such activity. Such guidelines or advisory programs shall be encouraged and promoted by the Naskapi local authority, under reserve of the right of the responsible Government of Canada or Québec to impose such controls in the event that such guidelines and/or advisory programs do not prove to be effective;

15.3.22.2) when the Coordinating Committee or the responsible government of Canada or Québec decides that regulations are necessary, the responsible government of Canada or Québec shall make regulations with a minimum of impact on the Naskapis and harvesting activities by Naskapis by taking into account the impact on such factors as local Naskapi food production, the accessibility of harvestable resources for the Naskapis, the efficiency of harvesting, the cost of harvesting and Naskapi cash incomes;

15.3.22.3) in general, the control of activities contemplated by the Hunting, Fishing and Trapping Regime shall be less restrictive for Native people than for non-Natives.

15.3.23 Neither the responsible Government of Canada or Québec nor the Coordinating Committee shall change or affect the Hunting, Fishing and Trapping Regime in such a way as to infringe upon the rights of the Naskapis established by the said regime. Without limiting the generality of the foregoing, this provision shall apply to the responsible ministers of Canada and Québec, the departments of Canada and Québec involved and the individuals, bodies or agencies administering the Hunting, Fishing and Trapping Regime.

15.3A Hunting for commercial purposes, keeping in captivity and husbandry

15.3A.1 Within the Naskapi area of primary interest, until November 10, 2024, only the Naskapis shall have, in accordance with the provisions of this subsection, the right to hunt for commercial purposes any species of wildlife.

Such exclusive right may be exercised in respect of the species listed at Schedule 7 to Section 24 of the James Bay and Northern Québec Agreement, as amended from time to time.

Compl. A. no. 1, sch 1, s. 1

15.3A.2 Within the Naskapi area of primary interest, until November 10, 2024, only the Naskapis shall have the right, in accordance with the provisions of this subsection, of keeping in captivity and husbandry

of the species of wildlife listed at Schedule 8 to Section 24 of the James Bay and Northern Québec Agreement, as amended from time to time.

Compl. A. no. 1, sch 1, s. 1

15.3A.3 Within the area of common interest for the Inuit and the Naskapis referred to in paragraph 24.13.4A of Section 24 of the James Bay and Northern Québec Agreement, as amended from time to time, both the Naskapis and the Inuit shall have the rights provided for the Naskapis in paragraphs 15.3A.1 and 15.3A.2.

Compl. A. no. 1, sch 1, s. 1

15.3A.4 Subject to the authorization of the responsible Naskapi authorities designated at paragraph 15.3A.8, the exercise of the right referred to in paragraph 15.3A.1 or 15.3A.2 may be shared with persons other than Naskapis.

Compl. A. no. 1, sch 1, s. 1

15.3A.5 The exercise of the right to hunt for commercial purposes and of the right of keeping in captivity and husbandry of the species listed at Schedules 7 or 8 of Section 24 of the James Bay and Northern Québec Agreement, as amended from time to time, shall be subject to the obtaining of a permit, licence or other authorization issued by the responsible Québec Minister.

Any such permit, licence or other authorization shall be issued with conditions established by the Minister for a period not exceeding twelve (12) months and, in the case of the Naskapis, at a nominal fee.

Compl. A. no. 1, sch 1, s. 1

15.3A.6 There shall be no hunting for commercial purposes in respect of a population of a species of wildlife permitted anywhere in the Territory in a given year unless the harvesting needs of the Naskapis of Québec above their interim guaranteed levels of harvesting or the guaranteed levels of harvesting that shall be established, as well as the needs of persons other than Naskapis of Québec for sport hunting in respect of such population, may be satisfied.

Compl. A. no. 1, sch 1, s. 1

15.3A.7 Every application for a permit, licence or other authorization for hunting for commercial purposes or for keeping in captivity and husbandry of wildlife within Categories I-N, II-N or III lands in the Naskapi Sector shall be submitted to the responsible Minister of Québec, who shall transmit a copy to the Coordinating Committee indicating the conditions, if any, that he proposes to establish.

The Coordinating Committee shall assess an application principally upon the basis of the possible or probable impact of such proposed hunting for commercial purposes, keeping in captivity or husbandry upon the conservation of a species of wildlife or population of such species, upon harvesting and upon sport hunting.

The Coordinating Committee shall make recommendations to the responsible Minister with respect to such applications on the basis of its assessment.

Compl. A. no. 1, sch 1, s. 1

15.3A.8 In the Naskapi Sector, the responsible Québec Minister may not issue any permit, licence or other authorization for commercial hunting, keeping in captivity or husbandry of wildlife without the affirmative notice in writing of

(i) the Naskapi band in the case of Category IA-N lands;

(ii) the Corporation of the Naskapi Village of Schefferville, in the case of Category IB-B lands, Category II-N lands and Category III lands within the Naskapi area of primary interest;

(iii) the Corporation of the Naskapi Village of Schefferville and Makivik Corporation, in the case of Category III lands within the area of common interest for the Inuit and the Naskapis referred to in paragraph 24.13.4A of Section 24 of the James Bay and Northern Québec Agreement, as amended from time to time.

In Category IA-N lands, the Naskapi band may establish by by-law conditions for commercial hunting, keeping in captivity or husbandry which are more restrictive than those established by the responsible Québec Minister. The same by-law powers may be exercised by the Corporation of the Naskapi Village of Schefferville in the lands referred to in subparagraph (ii).

In the lands referred to in subparagraph (iii), such by-law powers may be exercised by the Corporation of the Naskapi Village of Schefferville and the Kativik Regional Government; however, no such by-law shall have force unless adopted by each of the Corporation of the Naskapi Village of Schefferville and the Kativik Regional Government.

Compl. A. no. 1, sch 1, s. 1

15.3A.9 All by-laws proposed pursuant to the second and third paragraphs of paragraph 15.3A.8 shall be submitted prior to adoption to the Coordinating Committee for its advice. All such by-laws shall come into force on the date that a certified copy thereof is submitted to the responsible Québec Minister who shall have the right within 90 days from reception to disallow such by-law.

This paragraph shall not be interpreted or invoked as a denial or a recognition of rights.

Compl. A. no. 1, sch 1, s. 1

15.3A.10 The grant or existence of concessions or rights with respect to resources in the Territory shall not in themselves be considered incompatible with hunting for commercial purposes, keeping in captivity or husbandry of wildlife by the Naskapis; likewise, hunting for commercial purposes, keeping in captivity or husbandry of wildlife by the Naskapis shall not in themselves be considered incompatible with the grant or existence of concessions or rights with respect to resources in the Territory.

15.4 Coordinating Committee

15.4.1 The Coordinating Committee is required to review, manage, and in certain cases, supervise and regulate the Hunting, Fishing and Trapping Regime.

15.4.2 The Naskapi Native party shall furnish to the Coordinating Committee all information in its possession relevant to the functions of the Coordinating Committee.

15.4.3 The Coordinating Committee in its operation shall, inter alia, recognize and give due consideration to the following:

15.4.3.1) the exclusive trapping rights of the Naskapis of Québec in accordance with the provisions of this section;

15.4.3.2) the right to harvest in accordance with subsection 15.3;

15.4.3.3) the principle of conservation as defined in paragraph 15.1.3;

15.4.3.4) the principle that a minimum of control or regulations shall be applied to the Naskapis of Québec in accordance with paragraph 15.3.22;

15.4.3.5) the priority of Naskapi harvesting as defined in subsection 15.6.

15.4.4 The Coordinating Committee may submit recommendations to the responsible Minister of Québec or Canada, who shall have discretion to act upon such recommendations, concerning levels of allocation of Naskapi and non-Naskapi kills over and above guaranteed levels of harvesting established pursuant to the present section, taking into account paragraph 24.4.27 of the James Bay and Northern Québec Agreement, as amended from time to time.

15.5 Powers of authorities and governments

15.5.1 In the Category IN lands and Category IIN lands, matters relating primarily to the protection of the wildlife resources rather than harvesting activity and hunting and fishing by non-Natives shall be solely the jurisdiction of the responsible government of Québec or Canada. Such matters of sole jurisdiction shall include, inter alia, the establishment of general quotas for the Territory, the representation of the interests of the Territory at international and inter-governmental negotiations relating to wildlife management, the regulation and management of wildlife insofar as this concerns the health of wildlife populations, the determination and protection of species requiring complete protection as referred to in paragraph 15.3.2 and the regulation and conducting of research projects related to wildlife resources.

15.5.2 In the Category IN lands and Category IIN lands, the responsible governments of Québec and Canada shall exercise their powers with respect to matters referred to in paragraph 15.5.1 in the same manner as those powers are exercised with respect to Category III lands, namely they shall exercise those powers only upon the advice of or after consulting with the Coordinating Committee as the preferential and exclusive spokesman empowered to formulate procedures, recommendations, positions and views respecting these matters.

15.5.3 Notwithstanding the provisions of paragraphs 15.5.1 and 15.5.2, with respect to the matters referred to therein, the Naskapi local authority shall have the power to pass by-laws affecting Category IN lands for Native people and for non-Natives permitted to hunt and fish thereon that are more restrictive than those regulations passed by Québec or Canada, as the case may be. Furthermore, for the matters contemplated in said paragraphs 15.5.1 and 15.5.2 the regional government north of the 55th parallel of latitude shall have the power to pass by-laws, affecting Category IIN lands, that are more restrictive than those regulations passed by Québec or Canada, as the case may be, for Native people and for non-Natives permitted to hunt and fish thereon but only in as much as it will previously have received a recommendation from the Naskapi local authority for Category IBN lands.

15.5.4 Subject to the power of the responsible government of Québec or Canada to make regulations respecting the conservation of wildlife resources, in Category IN lands and Category IIN lands, the competent authority, as defined hereinafter, may make regulations with respect to all matters specifically referring primarily to harvesting activities and to hunting and fishing by non-Natives and not primarily referring to the management of the wildlife resource itself including:

15.5.4.1) the allocation of the general quotas established pursuant to this section among individual Naskapis and non-Natives permitted to hunt and fish;

15.5.4.2) personal and community use;

15.5.4.3) the control of facilities for sport hunting and sport fishing;

15.5.4.4) commercial fishing facilities;

15.5.4.5) research concerning Naskapi harvesting;

15.5.4.6) seasons for harvesting and non-Native hunting and fishing and bag and possession limits, provided regulations made with respect to such matters shall be more restrictive than those regulations passed by Québec or Canada, as the case may be;

15.5.4.7) harvesting methods, subject to paragraph 15.3.11;

15.5.4.8) permits and licences for the purposes of this paragraph.

NQA, par. 15.5.4

Compl. A, no. 1, Sch. 1, s. 2 (subpar. 15.5.4.8)

15.5.5 All by-laws or regulations proposed pursuant to paragraphs 15.5.3 and 15.5.4 shall be submitted, prior to adoption, to the Coordinating Committee for its advice. All such by-laws or regulations shall come into effect on the date that a certified copy thereof is submitted to the responsible minister of Québec or Canada who shall have the right within ninety (90) days from such receipt to disallow such by-laws or regulations.

15.5.6 Québec undertakes to recommend to l'Assemblée nationale an amendment to the laws creating the regional government north of the 55th parallel of latitude having the effect of making the recommendations of the Naskapi local authority as foreseen in paragraphs 15.5.3 and 15.5.4 binding upon the regional government.

15.6 Priority of Naskapi harvesting

15.6.1 The responsible governments and the Coordinating Committee shall apply the principle of priority of Naskapi harvesting in the Naskapi Sector, as set forth in this subsection.

15.6.2 The principle of priority of Naskapi harvesting shall mean that in conformity with the principle of conservation and where game populations permit, the Naskapis shall enjoy interim guaranteed levels of harvesting, with respect to those species found in the Naskapi Sector, established by taking into consideration the density and the productivity of each of said species in the Naskapi Sector and the needs of the Naskapis, the whole subject to the following:

15.6.2.1) upon the approval of the present Agreement, the Naskapi Native party and Québec or Canada, according to their respective jurisdictions, shall forthwith establish by negotiation, such interim guaranteed levels of Naskapi harvesting based principally, by extrapolation, upon the results obtained with respect to the Crees, commencing with the year 1975/1976, from the research project entitled "Research to establish present levels of native Harvesting" referred to in sub-paragraph 24.6.2 a) of the James Bay and Northern Québec Agreement.

15.6.2.2) these interim guaranteed levels of harvesting shall be reviewed periodically and may be modified by agreement between the Naskapi Native party and Québec or Canada, according to their respective jurisdictions.

15.6.2.3) the said interim guaranteed levels of harvesting shall be without prejudice to the rights and obligations of the said parties in the establishment of the guaranteed levels of harvesting.

15.6.3 The principle of priority of Naskapi harvesting shall also mean that in conformity with the principle of conservation and where game populations permit, the Naskapis shall enjoy guaranteed levels of harvesting with respect to those species found in the Naskapi Sector, established by taking into consideration the density and the productivity of each of said species in the Naskapi Sector, the needs of the Naskapis and the results of a survey of the levels of Naskapi harvesting to be undertaken by Québec or Canada, according to their respective jurisdiction, using methodology similar to that used for the gathering of information for the research project referred to in subparagraph 15.6.2.1. Such survey shall be carried out, with the cooperation and participation of the Naskapis, during a period of three (3) years

immediately following the Naskapis establishing their permanent residence for the purposes of the present Agreement on Category IAN lands and shall study Naskapi harvesting during such period. The report on this survey, copies of which shall be forwarded to each of the Native parties, shall contain only a tabulation of the numerical data collected and a statistical analysis thereof. Within one (1) year of the completion of the said survey, the guaranteed levels of Naskapi harvesting shall be established by negotiation through the intermediary of the Coordinating Committee, without the normal voting procedures applying in such case.

15.6.4 The survey of the levels of Naskapi harvesting contemplated by paragraph 15.6.3 shall also study the level of Naskapi harvesting of caribou in conformity with the Hunting, Fishing and Trapping Regime.

15.6.5 The establishment of the interim guaranteed levels of harvesting and the revision of the interim guaranteed levels of harvesting, except with respect to caribou, the interim guaranteed level of harvesting of which shall not be revised, and the establishment of the guaranteed levels of harvesting, shall be subject to the approval of the Naskapi Native party and the interested government parties.

15.6.6 Notwithstanding paragraph 15.6.2, the interim guaranteed level of Naskapi harvesting of caribou is fixed at six hundred (600).

15.6.7 The guaranteed level of Naskapi harvesting of caribou shall be established in the manner provided in paragraph 15.6.3, and shall be subject to the approval of the interested Native parties and of Québec.

15.6.8 In applying the principle of the priority of harvesting by the Naskapis of Québec in the Naskapi Sector, the responsible governments and the Coordinating Committee shall, in any given year, in allocating quotas for harvesting and quotas for hunting and fishing by other persons, or in applying other game management techniques, assure that:

15.6.8.1) if game populations permit levels of harvesting equal to the guaranteed levels established pursuant to paragraphs 15.6.2, 15.6.3, 15.6.6 and 15.6.7, the Naskapis shall have the right to harvest up to the said guaranteed levels;

15.6.8.2) in allocating wildlife resources for harvesting or for hunting and fishing by persons other than Naskapis of Québec over and above the said guaranteed levels, the harvesting needs of the Naskapis of Québec and the needs for recreational hunting and fishing by persons other than Naskapis of Québec shall be taken into account;

15.6.8.3) subject to the provisions of subparagraphs 15.6.8.1 and 15.6.8.2, there shall always be some allocations of species for sport hunting and sport fishing by persons other than the Naskapis of Québec;

15.6.8.4) if game populations do not permit levels of harvesting equal to the guaranteed levels established pursuant to paragraphs 15.6.2, 15.6.3, 15.6.6 and 15.6.7, the Naskapis of Québec shall be allocated the entire kill and may allocate a portion of this kill to other persons through recognized outfitting facilities, except in the area of common interest for the Inuit and the Naskapis where the priority of harvesting shall be shared equally by the Inuit and the Naskapis in accordance with the provisions of the present Agreement and of the James Bay and Northern Québec Agreement, as amended from time to time.

However, the principle of priority of harvesting of the Inuit and of the Naskapis shall not apply with respect to the persons who are non-signatories to the present Agreement to whom harvesting rights may be granted in virtue of paragraph 15.3.3, nor shall the harvesting rights of such non-signatories have priority with respect to the harvesting rights of the Inuit or of the Naskapis.

15.6.8.5) The principle of priority of Naskapi harvesting shall also be applied with respect to such species as may not reasonably be managed by means of quotas.

15.6.8A Notwithstanding paragraph 15.6.8, with respect to the CaribouZone referred to in paragraph 24.13.7B of the James Bay and Northern Québec Agreement, as amended from time to time, the Inuit and the Naskapis shall similarly share equally the priority of harvesting with respect to caribou in accordance with the provisions of the present Agreement and of the James Bay and Northern Québec Agreement, as amended from time to time.

15.6.9 Subject to the principle of conservation and when populations of these species in the Naskapi Sector permit, the principle of priority of Naskapi harvesting shall be applied to migratory birds in a manner similar or equivalent to the procedures hereinafter set forth:

15.6.9.1) in conformity with the procedure provided in paragraph 15.6.3, the levels of harvesting of migratory birds in the Naskapi Sector shall be established;

15.6.9.2) such levels of harvesting of migratory birds in the Naskapi Sector shall be combined with the levels of non-Native hunting of such birds in the Naskapi Sector to establish the total kill in the Naskapi Sector;

15.6.9.3) based upon the total kill figures for each migratory bird population in the Naskapi Sector and the total kill in the Territory for each migratory bird population, there shall be a determination of the percentage of the total kill of each population being taken in the Naskapi Sector;

15.6.9.4) this percentage figure shall constitute a guaranteed level so that in any given year the Naskapi Sector would be guaranteed at least the same percentage of the total kill in the Territory of each population hunted or harvested;

15.6.9.5) within the Naskapi Sector itself, the principle of priority of Naskapi harvesting shall apply to the allocation of quotas or use of other management techniques in such a way as to ensure that the Naskapis of Québec are guaranteed a harvest based on the levels of harvesting of migratory birds established in conformity with subparagraph 15.6.9.1;

15.6.9.6) in any given year when migratory bird populations permit for the Naskapi Sector a kill higher than the levels established pursuant to subparagraph 15.6.9.1 the Naskapis of Québec shall be allowed a kill equal to the levels established pursuant to subparagraph 15.6.9.1 and the remainder of the permissible kill for the Naskapi Sector shall be divided in such a way as to ensure primarily the continuance of the traditional pursuits of the Naskapis of Québec and secondarily so that persons other than Naskapis may satisfy their needs for recreational hunting;

15.6.9.7) in any given year when the migratory bird populations permit a kill for the Naskapi Sector lower than the levels established pursuant to subparagraph 15.6.9.1, the entire kill for the Naskapi Sector shall be allocated to the Naskapis of Québec, who shall have the right in turn to allocate a portion of this kill to hunting by persons other than Naskapis through recognized outfitting facilities, except in the area of common interest for the Inuit and the Naskapis where the priority of harvesting shall be shared equally by the Inuit and the Naskapis in accordance with the provisions of the present Agreement and of the James Bay and Northern Québec Agreement, as amended from time to time.

15.6.9.8) this guarantee shall not operate to endanger migratory bird populations;

15.6.9.9) this guarantee in itself shall not operate to prohibit or reduce hunting of migratory birds elsewhere in the flyway or in Canada.

15.8.1 Non-Native persons have the right to hunt and fish in Category III lands in the Naskapi Sector subject to the provisions of this section and other applicable laws and regulations, but such hunting and fishing shall be restricted to sport hunting, to sport fishing and to commercial fishing in Category III lands in the Naskapi Sector.

In addition, non-Native persons may hunt for commercial purposes, keep in captivity wildlife and conduct husbandry activities where provided in this section.

NQA, par. 15.8.1
Compl. A. no. 1, sch. 1, s. 3

15.8.2 The Naskapis of Québec shall have the exclusive right to hunt and fish within Category IN lands and Category IIN lands and, under reserve of the rights specified in paragraph 15.8.4, persons other than Naskapis shall not have the right to hunt and fish therein. These persons other than Naskapis may hunt and fish with the express authorization of, and upon the terms and conditions established by, the Naskapi local authority. The exclusive rights provided for in this paragraph shall be strictly respected and enforced by the responsible governments in the Territory.

The Naskapi local authority may permit residents of Québec of Naskapi of Québec ancestry who are not eligible under the present Agreement, but who traditionally hunt, fish and trap in the Naskapi Sector, to exercise the right to harvest solely for personal purposes in Category IN lands and Category IIN lands. Persons so authorized shall in no event be counted for purposes of allocating quotas to the Naskapis of Québec.

15.8.3 Persons other than Naskapis authorized to hunt and fish pursuant to paragraph 15.8.2 shall be subject to all applicable laws and regulations of Québec and Canada and all applicable local and regional government by-laws and regulations.

15.8.4 Non-Natives who meet the residency requirements established for the purposes hereof by the Naskapi local authority shall be permitted to sport hunt and sport fish within Category IN lands and Category IIN lands in which they are resident. Such non-Natives shall be subject to all applicable laws and regulations of Québec and Canada and all applicable local and regional government by-laws and regulations.

15.8.5 Notwithstanding the provisions of paragraph 15.8.4, in the case of unusual or large influxes, for whatever reason, of non-Natives into the Category IN lands or Category IIN lands, the Naskapi local authority may determine whether and upon what terms and conditions such non-Natives will be permitted to sport hunt and sport fish.

15.8.6 A control shall be exercised by the responsible governments and the Coordinating Committee over the number of non-Natives permitted to sport hunt and sport fish in Category III lands in the Naskapi Sector and over the places in said Category III lands and over the times where they may sport hunt and sport fish with a view to giving effect to the principle of conservation and the rights and guarantees in favour of the Native people established by the Hunting, Fishing and Trapping Regime.

15.8.7 The use of outfitting facilities shall be considered as a principal means of controlling sport hunting and sport fishing activities in the Naskapi Sector. However, in the Naskapi area of primary interest, all requirements imposed in the application of the present section concerning the use of outfitting facilities shall not apply to residents of the Naskapi Sector unless the responsible minister decides otherwise.

15.8.8 Over and above other available means of controlling the numbers of non-Natives permitted to sport hunt and sport fish in the Naskapi area of primary interest and the places and times where and when they may sport hunt and sport fish and subject to paragraphs 15.8.7 and 15.8.9, Québec shall endeavor,

to the extent that outfitting facilities are available, to require non-Natives hunting and fishing to use such facilities. Such requirements shall provide, to the extent deemed feasible, that non-Native hunters and fishermen be accompanied by Naskapi guides.

15.8.9 Subject to paragraph 15.8.7, in the event that Québec establishes in the Naskapi Sector requirements pursuant to paragraph 15.8.8, such requirements shall be imposed in the following order:

15.8.9.1) upon non-residents of Québec;

15.8.9.2) if further deemed necessary, upon persons residing in Québec south of the 50th parallel of latitude;

15.8.9.3) if further deemed necessary, upon persons residing in Québec north of the 50th parallel of latitude.

15.8.10 The Hunting, Fishing and Trapping Regime shall apply in full to all residents of the Naskapi Sector. The responsible minister, after consulting the Coordinating Committee, shall take into account the Hunting, Fishing and Trapping Regime and shall also take into account the non-Naskapi residents of the Naskapi Sector in the formulation and recommendation of measures concerning their sport hunting and sport fishing activities in the Naskapi area of primary interest. These measures may include the creating of special fishing zones, as well as big game hunting zones in the Naskapi area of primary interest, in order to reduce conflicts between Native harvesting and sport hunting and sport fishing by these persons other than Naskapis, for whom quotas shall be provided, and in these special zones paragraphs 15.8.8 and 15.8.9 shall not apply.

15.8.11 In that part of the Naskapi area of primary interest south of the 55th parallel of latitude, the Hunting, Fishing and Trapping Regime applies but, notwithstanding the provisions of paragraph 15.7.1, in said part of the Naskapi area of primary interest persons other than Naskapis residing in the said part of the Naskapi area of primary interest are authorized to sport fish all species of fish.

15.8.12 When the Coordinating Committee determines that the presence in the Naskapi Sector of temporary labour forces or a given temporary labour force involved in construction and related work may affect the Hunting, Fishing and Trapping Regime, including the application of the principle of conservation and the rights and guarantees in favour of the Naskapis established by the Hunting, Fishing and Trapping Regime, Québec shall make regulations concerning the controls and rules to apply to the sport hunting and sport fishing activities of such temporary labor forces. The Coordinating Committee shall be involved in the establishment and review of such controls and rules and supervise the procedures concerning the implementation and enforcement thereof.

Such controls and rules shall include inter alia the designation of specific locations in the Naskapi Sector or specific facilities which shall be used by such labour forces for the purpose of sport hunting and sport fishing. The Coordinating Committee shall be entitled to receive all information necessary for the proper exercise of its functions pursuant to this paragraph and established by such regulations.

15.9 Outfitting regime

15.9.1 The outfitting regime in Category III lands in the Naskapi Sector is the outfitting regime for Category III lands set forth in SubSection 24.9 of the James Bay and Northern Québec Agreement, as amended from time to time. 15.9.3.1) the Naskapi local authority shall have the right to require such outfitters to cease operations within Category IN lands and Category IIN lands at the expiry of the delay of at least two (2) years specified in a written notice sent by said local authority to such outfitter. Such notice shall not be given during an operating season;

15.9.3.2) within two (2) years following the approval of the present Agreement, the Naskapi local authority shall decide which of such outfitters shall be required to cease their operations in Category IN lands or Category IIN lands and which of such outfitters shall be permitted to continue to operate therein and, in the latter case, upon what terms and conditions;

15.9.3.3) such outfitters permitted to continue their operations in Category IN lands or Category IIN lands, as determined pursuant to subparagraph 15.9.3.2, shall have the right to continue to operate on the terms and conditions established for a period of not less than five (5) years nor more than nine (9) years from the date that such outfitters are notified of such a decision, and upon the termination of the said period such outfitters shall cease their operations in Category IN lands or in Category IIN lands unless the Naskapi local authority agrees to permit them to continue such operations for a further period;

15.9.3.4) the Coordinating Committee shall supervise the procedures for the relocation of such outfitters required to cease their operations in Category IN lands or in Category IIN lands;

15.9.3.5) the Naskapis shall have the right to decide whether or not they wish to operate in place of an outfitter required to cease his operation in Category IN lands or in Category IIN lands in accordance with the following:

A) if the Naskapis decide to operate in place of such an outfitter they shall not be required to operate outfitting services of the same nature or scale but shall be permitted to enlarge, diminish or modify such services as they deem appropriate;

B) if the Naskapis wish to use all or part of the facilities of such an outfitter they shall purchase such outfitting assets belonging to him as they may wish. In the event that all such assets are not purchased by the Naskapis, such outfitter may remove his remaining assets and shall be compensated forthwith by Québec, and not by the Naskapis, in accordance with the rights, if any, contained in the permits, leases or agreements in virtue of which such outfitter operated. All such assets not purchased by the Naskapis and not removed by the outfitter within a period of two (2) years shall thereafter be considered abandoned by such outfitter to Québec;

C) in the event that the Naskapis decide to require government owned or operated outfitting facilities to cease operations, such facilities shall be transferred, gratuitously by the government to the Naskapi band, provided no transfers may be made by the government to individuals;

15.9.3.6) notwithstanding the right of first refusal for outfitting facilities granted to the Crees, the Inuit and the Naskapis by paragraph 24.9.3 of the James Bay and Northern Québec Agreement, as amended from time to time, outfitters required to cease operations in Category IN lands or in Category IIN lands pursuant to paragraph 15.9.3 and who wish to relocate in Category III lands shall have the preferential right to select sites and facilities subject to the approval of the Coordinating Committee. Such preferential rights shall not be accorded to a government owning or operating an outfitting facility;

15.9.3.7) outfitters required to cease operations in Category IN lands or in Category IIN lands after having been allowed to operate by the Naskapis pursuant to paragraph 15.9.3 shall be compensated by Québec to the extent of their rights, if any, contained in the permits, leases or agreements in virtue of which they operated, but such compensation shall be limited to the value of the outfitting facilities in existence at the time of the approval of the present Agreement.

It is acknowledged by the parties hereto that the programs and funding for the Crees or Inuit, or both, established by or pursuant to the James Bay and Northern Québec Agreement do not apply to the Naskapis of Québec, it being acknowledged that the programs and funding established by the present Agreement apply only to the Naskapis.

SECTION 20

Relocation

20.1 For the purposes of the present section, the following words and phrases shall be defined as follows:

20.1.1 "Matimekosh Reserve", that area of approximately thirty-seven (37) acres situated within the limits of the Municipality of the City of Schefferville, in the territory of Nouveau-Québec, contemplated by Québec Order-in-Council No. 2718 dated August 21, 1968;

20.1.2 "Block Pearce", that part of the Matimekosh Reserve on which are situated the houses and related structures of the Naskapis of Québec together with an adjacent area, the whole comprising an area of approximately thirty-nine point thirty-three (39.33) acres, included within Block Champlain shown on the map annexed as schedule 1 to section 4;

20.1.3 "Block Cartier", that area of approximately one hundred and fifty (150) acres situated within the limits of the Municipality of the City of Schefferville comprising the area of fifty-eight (58) acres contemplated by Québec Order-in-Council No. 951 dated June 7, 1960, together with an adjacent area, the whole shown on the map annexed as schedule 2 to section 4;

20.1.4 "Block Matemace", the area of sixteen square miles (16 sq. mi.), including Matemace Lake, as shown on the map annexed as schedule 3 to section 4;

20.1.5 "Naskapi community", the village, settlement or community on the Category IAN lands, as specified in the provisions of the present section.

20.2 The Naskapis of Québec accept Block Pearce in the form of Category IAN lands as their permanent residence for the purposes of the present Agreement. Nevertheless, the Naskapis of Québec have the option to relocate in order to obtain, at a block other than Block Pearce, Category IAN lands for their permanent residence for the purposes of the present Agreement, subject to the conditions relating thereto herein specified.

20.3 A Relocation Committee (hereinafter referred to as the "Committee") consisting of three (3) members, to be named within thirty (30) days after the approval of the present Agreement, is established, with one (1) of said members being appointed by the Naskapi Native party, one (1) being appointed by Canada and one (1) being appointed by Québec. Each party shall pay the remuneration and expenses of the member appointed by such party. All decisions of the Committee shall be unanimous. Each party may, from time to time, replace the member appointed by it. A member who is unable to attend a particular meeting of the Committee may be represented at such meeting by a substitute in possession of a written proxy from the party that appointed the absent member.

20.4 The responsibilities of the Committee are to unanimously determine which sites in Block Matemace, in addition to Block Pearce and Block Cartier, shall be studied pursuant to subsection 20.6 as a possible permanent residence for the purposes of the present Agreement for the Naskapis of Québec. Furthermore, within three (3) months of the appointment of its members, the Committee shall unanimously select and engage the necessary and appropriate expertise to effect the said study following its assessment of dossiers of qualifications and technical proposals from expert firms or groups suggested by each of its members. The said study shall be done, at least partially, during the time of the year when the areas designated in schedules 1, 2 and 3 to section 4 are free of snow.

20.5 Canada, Québec and the Naskapi Native party, or parties designated by them, shall each contribute a sum of twenty thousand dollars (\$20,000) to cover all expenses authorized by the Committee in the discharge of its responsibilities as contemplated by subsection 20.4, including the expenses and fees of the expertise engaged. The total of all costs cannot exceed sixty thousand dollars (\$60,000). The said contribution of the

Naskapi Native party shall not be included as a cost of negotiations contemplated by subsection 16.4. Each of the said contributions shall be effected to the Committee within two (2) months after the approval of the present Agreement. Any portion of the said contributions which has not been spent, once the study has been completed and paid for, shall be returned on an equal basis to the contributing parties.

20.6 The purpose of the study of Block Pearce, Block Cartier and the sites within Block Matemace is:

20.6.1 to evaluate the capital cost of constructing a suitable village, including the capital cost of any improvements, additions, works and access routes to Schefferville required to render each site a suitable permanent residence for the Naskapis of Québec;

20.6.2 to evaluate with respect to each site the operating and maintenance costs of existing facilities thereon, as well as of any required construction, improvements, additions, works and access routes to Schefferville;

20.6.3 to indicate, taking into account the provisions of the present Agreement, which services, structures and facilities of or in the Municipality of the City of Schefferville could be used in respect to each site and would therefore not have to be duplicated;

20.6.4 to indicate any technical constraints which render a site studied unsuitable as a permanent residence for the Naskapis of Québec.

20.7 The Committee shall engage the expertise required on the condition that the report containing the results of the study contemplated by subsection 20.6 shall be received by the Committee within eight (8) months from the date of the engagement of the expertise. Forthwith upon receiving said report, the Committee shall submit it to Canada, Québec and the Naskapi Native party. The said report shall be in a form that permits comparisons of the data with respect to each site.

20.8 The members of the Committee appointed respectively by Canada and the Naskapi Native party shall constitute a separate committee (hereinafter referred to as the "Socio-Economic Study Group"), the function of which will be to examine and report on the social, economic and cultural factors that may be beneficial or inimical to the Naskapis of Québec with respect to the establishment of their permanent residence at each of the sites studied pursuant to subsection 20.6.

20.8.1 The Socio-Economic Study Group shall, by mutual agreement of its members, select and engage the necessary and appropriate expertise to effect a study of the said social, economic and cultural factors. For such purpose Canada and the Naskapi Native party shall contribute, respectively, a maximum of thirty thousand dollars (\$30,000) and five thousand dollars (\$5,000). The total cost of the study authorized by the Socio-Economic Study Group shall not exceed thirty-five thousand dollars (\$35,000).

20.8.2 The Socio-Economic Study Group shall, by mutual agreement of its members, instruct the expertise engaged to undertake the study provided for in subsection 20.8 to make such inquiries as may be appropriate. In particular, however, the expertise shall be instructed to take account of the extent to which the Naskapis of Québec may be able to take advantage of the various benefits derived from the present Agreement at each of the sites studied pursuant to subsection 20.6 in comparison with their present situation on the Matimekosh Reserve.

20.8.3 The expertise engaged by the Socio-Economic Study Group shall also take account of the report contemplated by subsection 20.7 and the indication by Québec as contemplated by subsection 20.10, and shall submit its report within two (2) months after Québec has given the said indication.

20.9 Canada, Québec and the Naskapis of Québec agree that the report contemplated by subsection 20.7, and the report contemplated by subsection 20.8, shall in no way be binding upon any or all of them and shall

not oblige Canada or Québec or the Naskapis of Québec to any course of action or to any further undertakings of any kind whatsoever other than those specifically provided for in this section.

20.10 Within two (2) months after Québec has received the report contemplated by subsection 20.7, Québec shall indicate to the Naskapi Native party and to Canada which, if any, of the sites studied are unacceptable to Québec as a permanent residence for the Naskapis of Québec because of technical or financial considerations. In the event of such an objection by Québec the site or sites objected to shall no longer be available for selection as the permanent residence for the Naskapis of Québec. Notwithstanding the above, Québec undertakes not to object to at least one (1) of the sites studied in Block Matemace.

20.11 Canada shall provide the financial support for relocation set out in paragraph 20.12.2 provided it is satisfied, on the basis of the results of the studies provided for above, that a site, other than Block Pearce, which is acceptable to Québec pursuant to subsection 20.10, is capable of providing significant benefits to the Naskapis of Québec. Within two (2) months after Canada has received the report of the Socio-Economic Study Group, Canada shall indicate to Québec and to the Naskapi Native party which site or sites, if any, Canada has determined is capable of providing significant benefits to the Naskapis of Québec, and what amount Canada shall contribute for relocation to such site or sites pursuant to its commitment specified under paragraph 20.12.2.

20.12 In order to permit the Naskapis of Québec to opt, and in the event they do opt, in accordance with the conditions herein specified, to establish their permanent residence for the purposes of the present Agreement on a block other than Block Pearce, then, subject to the conditions of this section:

20.12.1 Québec shall contribute one million dollars (\$1,000,000) in the form, at the option of Québec, of money, works, houses, buildings, facilities, wares or services or other similar benefits, provided that if such contribution is to be in a form other than money it shall be compatible with the detailed plan developed pursuant to subsection 20.20;

20.12.2 subject to subsection 20.11, Canada shall contribute one million dollars (\$1,000,000). Canada shall also, as funding is made available under normal programs in effect from time to time, provide assistance toward the relocation of the Naskapis of Québec. Any additional funding by Canada in excess of the said one million dollars (\$1,000,000) and in excess of the said funding made available under normal programs shall be at the sole option of Canada;

20.12.3 the Naskapis of Québec shall contribute to a maximum of one million dollars (\$1,000,000) toward the capital cost of the said relocation, but such contribution shall be limited to an amount equivalent to fifty percent (50%) of the aggregate of the interest earned during the five (5) year period following the execution of the present Agreement on the compensation to be received by the Naskapis of Québec in virtue of section 16. The foregoing shall not prevent the Naskapis of Québec, at their sole option, from making any further contribution toward the capital cost of the relocation, whether by way of money, labour or in any form or manner whatsoever.

20.13 In the event that the Naskapis of Québec opt, in accordance with the conditions herein specified, to establish their permanent residence for the purposes of the present Agreement on a block other than Block Pearce, and the capital cost of said relocation as contemplated in subsection 20.14 is less than the contributions provided for, then such contributions shall each be proportionally reduced.

20.14 Prior to the vote by the Naskapis of Québec concerning their relocation, and as a precondition for the contributions by Canada, Québec and the Naskapis of Québec contemplated by subsection 20.12 becoming exigible, Canada, Québec and the Naskapi Native party must be satisfied, as evidenced by an exchange of letters, that the said contemplated contributions, including the terms and conditions of said contributions, are

sufficient, without any further contribution than the one provided in paragraph 20.12.1 on the part of Québec, to render, within a period of three (3) years from the date of the vote contemplated by subsection 20.16, the possible relocation site a suitable permanent residence for the Naskapis of Québec for the purposes of the present Agreement in conformity with the constructions, improvements, additions, works and access routes to Schefferville contemplated by the study referred to in subsection 20.6.

The contribution by Québec shall not exceed one million dollars (\$1,000,000) even if the cost of the relocation exceeds, for any reason whatsoever, the cost envisaged at the time of the aforementioned exchange of letters.

20.15 In the event that more than one site should prove, pursuant to the provisions of the present section, to be available to the Naskapis of Québec for relocation thereto, the Naskapi Native party, by resolution, shall determine which one of said sites shall be submitted to the vote contemplated by subsection 20.16.

20.16 Subject to subsections 20.10, 20.11 and 20.14, within two (2) years from the date of the approval of the present Agreement, the Naskapis of Québec shall decide by means of a vote, held on such conditions and procedures proposed by the Naskapi Native party and accepted by Canada and Québec, whether they shall relocate or whether Block Pearce will become their permanent residence for the purposes of the present Agreement.

20.17 Notwithstanding the option of relocation granted to the Naskapis of Québec by the provisions of the present section, the Naskapis of Québec hereby recognize that neither Canada nor Québec is requiring the Naskapis of Québec to relocate, and that if a relocation does take place, it will be as a result of their own choice.

20.18 Block Pearce shall be the permanent residence of the Naskapis of Québec for the purposes of the present Agreement unless the result of the vote held within the delay specified in subsection 20.16 indicates that at least seventy-five percent (75%) of the Naskapis of Québec of the age of eighteen (18) years or more have voted in favour of relocation to the site determined pursuant to the provisions of this section.

20.19 If at least seventy-five percent (75%) of the Naskapis of Québec of the age of eighteen (18) years or more, by means of the vote held in conformity with subsection 20.16, decide to relocate, then, the said vote shall be a binding obligation on the Naskapis of Québec to relocate to the said site, and contributions contemplated by subsection 20.12 shall be diligently provided by Canada, Québec and the Naskapis of Québec, or by parties designated by them, in conformity with the terms and conditions specified in the letters exchanged pursuant to subsection 20.14 upon which the parties allowed the vote to be proceeded with, and subject to the limitations specified in subsections 20.11 and 20.12, in order to enable the Naskapis of Québec to relocate within a period of three (3) years from the date of the said vote.

20.20 In the circumstances contemplated by subsection 20.19, Canada, Québec and the Naskapis of Québec shall establish by negotiation the conditions, other than those specified in this section, of planning and implementing the said relocation. Such planning shall include, inter alia, the development of a detailed plan for the Naskapi community based on the requirements identified in the study contemplated by subsection 20.6, the whole to conform in substance with the proposal on which the vote was held that resulted in the decision to relocate by the Naskapis of Québec. Planning and implementation of the said relocation shall allow for preferential arrangements to be made to enable the Naskapis of Québec to obtain employment and contracts in implementing the construction, improvements, additions, works and access routes to Schefferville undertaken pursuant to the provisions of this section.

20.21 In the circumstances contemplated by subsection 20.19, the Naskapi of Québec accept that Block Cartier of Block Matemace, as the case may be, shall become Category IAN lands and their permanent

residence for the purposes of the present Agreement. Canada and Québec shall, to the extent of their respective jurisdiction, within one (1) year of said vote, take the necessary measures to ensure that Block Cartier or Block Matemace, as the case may be, shall become Category IAN lands.

20.22 Canada and Québec shall, to the extent of their respective jurisdiction, take the necessary measures to ensure that Block Pearce shall become Category IAN lands for the permanent residence of the Naskapis of Québec for the purposes of the present Agreement on:

20.22.1 the earlier of the following events:

immediately upon the expiry of six (6) months following the vote contemplated by subsection 20.16, if, in accordance with subsection 20.18, by the result of said vote, the Naskapis of Québec choose not to relocate, or

immediately upon the expiry of two and one-half (2½) years following the approval of the present Agreement, if, for any reason whatsoever, the vote contemplated by subsection 20.16 has not taken place, and

20.22.2 the coming into force of the present Agreement.

20.23 Upon the vote contemplated by subsection 20.16 taking place, or if for any reason whatsoever the vote has not taken place within two (2) years after the approval of the present Agreement, all blocks which could, pursuant to the provisions of the present section, become Category IAN lands shall thereafter no longer be available, except the block which shall become Category IAN lands pursuant to the said vote or absence thereof.

20.24 The Naskapi band has surrendered any right or interest that it and its members have or may have with respect to the Matimekosh Reserve as well as with respect to the area contemplated by said Order-in-Council No.951, by virtue of the surrender which has been executed pursuant to, and in accordance with the provisions of the Indian Act (R.S.C. 1970, c. I6), a certified copy of which is attached as schedule 1 to this section. Canada has accepted the said surrender by virtue of Order-in-Council No. P.C. 1978-109, dated January 19, 1978, a certified copy of which is attached as schedule 2 to this section. In accordance with the provisions of the said surrender and the said Order-in-Council of Canada, the effects of the surrender are suspended until:

20.24.1 the earliest of the following three (3) events;

six (6) months after the vote contemplated in subsection 20.16 if, as a result of the said vote, the decision of the Naskapis of Québec is not to relocate, or

three (3) years after the vote contemplated in subsection 20.16 or upon the signification of the resolution contemplated by subsection 20.29, whichever is the earlier, if, as a result of the said vote, the decision of the Naskapis of Québec is to relocate, or

two and one-half (2½) years after the approval of the present Agreement if, for any reason whatsoever, the vote contemplated in subsection 20.16 has not taken place,

and

20.24.2 the coming into force of the present Agreement.

20.25 In the event that the Naskapis of Québec vote, pursuant to the provisions of this section, to relocate to Block Cartier, those persons, if any, who are not eligible pursuant to section 3, but who at the time of the execution of the present Agreement are living on such block, shall be permitted to continue to reside thereon and to enjoy continued access to, and movement about, said block, the whole while respecting the by-laws of

general application of the Naskapi local authority. The provisions of this subsection shall not be construed to give any right in and to the lands.

20.25A In the event of relocation, those Naskapis, if any, who remain on Matimekosh Reserve shall be permitted to continue to reside thereon and to enjoy continued access to, and movement about, said reserve, the whole while respecting the by-laws of general application of the band council. The benefits of this subsection shall terminate for any such person upon his taking up residence elsewhere. The provisions of this subsection shall not be construed to give any right in and to the lands contemplated in the surrender which is attached as schedule 1 to this section.

20.26 Notwithstanding any other provision of the present Agreement, Québec shall not be obliged to provide for the setting aside of the lands that are to become Category IAN lands nor to grant the lands that are to become Category IBN lands until the present Agreement comes into force. Until the vote contemplated by subsection 20.16 takes place, or until the present Agreement comes into force, whichever is the later, neither Canada nor Québec shall be obliged to effect capital disbursements of any kind with respect to the Naskapis of Québec. Nevertheless, such disbursements shall be effected if they are made pursuant to programs in effect from time to time which do not result from the present Agreement or if they result from particular provisions of the present Agreement applying during that portion of the Transitional Period from the date of the approval of the present Agreement until either the vote contemplated by subsection 20.16 takes place or the present Agreement comes into force, whichever is the later.

20.27 Notwithstanding any other provision of the present Agreement, it is the intention of the parties that the Naskapis of Québec shall have only one (1) community as their permanent residence for the purposes of the present Agreement, and in consequence, Québec shall not be obliged in virtue of or pursuant to the present Agreement to recognize, nor assume any responsibility or obligation for or to, any community of the Naskapis of Québec other than the one situated on Category IAN lands.

20.28 Those Naskapis of Québec who reside on Category IAN lands shall have all of the rights and benefits of the present Agreement and the full exercise of such rights and benefits. However, those Naskapis of Québec who reside elsewhere than on Category IAN lands shall enjoy the aforementioned rights and benefits subject to the conditions relating thereto specified in the present subsection and subject to their place of residence from time to time.

20.28.1 In the event that the Naskapis of Québec relocate pursuant to the provisions of the present section, the following shall apply:

20.28.1.1) any Naskapi of Québec who resides on the Matimekosh Reserve after the surrender contemplated by subsection 20.24 has come into effect, shall, notwithstanding any other provision of the present Agreement, be entitled only to the following:

the provisions of subsection 2.9;

to be enrolled as a beneficiary pursuant to section 3;

to be a member of the corporation contemplated by paragraph 5.1.3 with the right to vote but not hold office therein;

to be a member of the corporation contemplated by paragraph 7.1.1 with the right to vote but not hold office therein;

to benefit from the provisions of section 10;

to benefit from the provisions of section 12;

to qualify to become a special constable in accordance with the provisions of section 13;

to exercise hunting, fishing and trapping rights in accordance with the provisions of the Hunting, Fishing and Trapping Regime referred to in paragraph 15.2.1;

to be a member of the Corporation contemplated by section 17 with the right to vote but not hold office therein;

to participate in the training programs provided for in section 18;

to benefit from the preferential arrangements contemplated by subsection 20.20;

to benefit from the provisions of subsections 20.25A;

20.28.1.2) any Naskapi of Québec who ceases to reside on the Matimekosh Reserve shall have the full exercise of all of his rights and benefits under the present Agreement so long as he resides on Category IAN lands;

20.28.1.3) any Naskapi of Québec who resides in the Territory but neither on Category IA-N lands nor on the Matimekosh Reserve, shall have the full exercise of all of his rights and benefits under the present Agreement, but Québec shall, notwithstanding any other provision of the present Agreement, in no way be obliged to incur any costs or expenditures :

- a) resulting from the residence by any such Naskapi outside of the Schefferville region to enable the said Naskapi to exercise his rights and benefits under Section 10; or
- b) resulting from the residence by any such Naskapi off of Category IA-N lands to enable the said Naskapi to exercise any of his other rights and benefits under the present Agreement.

NQA, par. 20.28.1.1

Compl. A. no. 3, s. 1 and 2, (subpar. 20.28.1.1 and 20.28.1.3)

20.28.2 In the event that Block Pearce becomes Category IAN lands, then:

20.28.2.1) any Naskapi of Québec who continues to reside on that part of Block Champlain defined in subsection 4.2 that does not become Category IAN lands shall have, notwithstanding any other provision of the present Agreement, only those rights and benefits specified in subparagraph 20.28.1.1;

20.28.2.2) any Naskapi of Québec who ceases to reside on the said part of Block Champlain shall have the full exercise of all of his rights and benefits under the present Agreement so long as he resides on Category IAN lands;

20.28.2.3) any Naskapi of Québec who resides in the Territory but neither on Category IAN lands nor on the said part of Block Champlain shall have the full exercise of all of his rights and benefits under the present Agreement, but Québec shall, notwithstanding any other provision of the present Agreement, in no way be obliged to incur any costs or expenditures resulting from the residence by any such Naskapi off Category IAN lands to enable the said Naskapi to exercise his said rights and benefits.

20.29 In the circumstances contemplated by subsection 20.19, the Transitional Period referred to in sections 2 and 9 shall lapse, and the suspension referred to in subsection 2.5 of the rights and obligations resulting from the present Agreement shall terminate, three (3) years after the vote by the Naskapis of Québec in favour of relocation pursuant to the provisions of the present section.

Nevertheless, if prior to the termination of the said three (3) year period, seventy-five percent (75%) of the Naskapis of Québec eligible at such time in virtue of the provisions of section 3 have relocated to the Category IAN lands and such fact has been certified by a resolution of the council of the Naskapi band, then

the said Transitional Period shall lapse, and the said suspension of the rights and obligations resulting from the present Agreement shall terminate, on the date when a certified true copy of said resolution has been signified upon both Canada and Québec.

20.30 This section may be amended only with the consent of Canada, Québec and the Naskapi Native party.
